VOL. 95 NO. 2

## Guard Rail Lines In Vancouver After Explosions

Precautions By Police As They Seek To Trace Causes of Blasts

### R.C.M.P. Join Hunt

VANCOUVER (CP)—Royal Canadian Mounted Police joined today with Vancouver city police in an attempt to trace the source of a series of explosions that rocked sections of the residential Grandview district, splintering a garage and shattering a sewer main.

The report of a third explosion within 24 hours followed two blasts Sunday, and a police guard was placed on bridges and along railway lines to forestall any further damage. The police guard was ordered by Police Chief W. W. Foster.

R.C.M.P. and city officers said they had found no link between the sewer and garage blasts and added they were not regarding the possibility of sabotage.

Although no trace of the last explosion had been found, officers today were making a thorough search of the district near Clark Drive and Adanac Street, where several citizens told police they heard a loud report late last night.

It occurred as police were already probing what they considered was a blast which blew open the sewer pipe, endangering a bridge passing over Canadian National and Great Northern Railway tracks leading into Vancouver.

That damage was found to have occurred about the same time a nearby empty garage was wrecked shortly before midnight Sunday.

Two walls and a window in the building were smashed and officers said two lengths of fuse and burned matches were found on the floor.

All highway bridges passing over the railway tracks were ordered patrolled by police.

Police said they found no trace of explosives in the sewer pipe, but were inclined to believe explosives were responsible for the blast.

A city engineer, Robert Rome, said he suspected foul play.

**SOUGHT SAFETY FROM WEATHER**

B.C. Police Report Eight Persons Reported Missing in Gulf All Safe

Eight persons reported missing aboard pleasure craft in the Gulf of Georgia yesterday were all safely accounted for by B.C. Police today.

Mr. and Mrs. M. W. Cunningham, with their two daughters and two other girls, were home in New Westminster after fog held them 12 hours on a gulf island.

Percy A. MacFarlane, 36, and Margaret Muriel Shaw of Vancouver were on the mainland after spending a night on Lasqueti Island. They left Galiano Island for Vancouver in a 16-foot open boat, powered with an outboard motor. They got considerably off their course owing to poor visibility.

Police reported neither craft was in trouble at any time, weather conditions being solely responsible for the fact they had sought safety when they considered it inadvisable to proceed.

The Cunningham party, aboard the 39-foot powerboat Alice Freda, arrived home late last night.

**THE WEATHER**

VICTORIA, 9 a.m. today—The barometer is high southwest of Vancouver Island, but is comparatively low over Alberta and Saskatchewan. The weather has been cool and unsettled in British Columbia with showers on the south coast and throughout the interior. Temperature has been moderate in the prairie provinces.

Victoria—Barometer, 29.82; temperature, max 58, min 53; wind, 10 miles S.W.; precip., 0.2; raining.

Vancouver—Barometer, 29.80; temperature, max 60, min 54; wind, 10 miles S.W.; precip., 0.2; cloudy.

## Teachers Go To School for Five Weeks' Study

More Than 800 Attend Annual Summer Course at High School

### Classes Begin

Teachers sat down in pulpits' desks and started going to school themselves here today.

There were more than 800 of them of both sexes and all ages, drawn from every corner of British Columbia and from the northwestern United States, Alberta and Saskatchewan as well, in their places in Victoria High School's classrooms at 8 this morning when the 26th annual Summer School of Education of the Provincial Department of Education got under way.

The purposes of the school were outlined by its director, Harold L. Campbell, at the informal opening ceremony in the school auditorium.

"The summer school should be a place where horizons are expanded or doors opened, where new vision is gained and where teachers are re-oriented, get mental stimulation, new hope and new courage," he said.

The school, he went on, gave teachers a chance to evaluate and investigate new movements in their profession which they would not otherwise have the time or the facilities to study. It brought them in contact with men and women who had had the opportunity to look intensively into those new trends and to communicate them to them.

Four of these teachers-of-teachers were introduced by Mr. Campbell. They were Dr. A. S. Raubenheimer, dean of the college of letters, arts and sciences and director of the educational program at the University of Southern California, Los Angeles; Dr. J. G. Althouse, dean of the Ontario College of Education, University of Toronto; Professor R. K. Cutler, assistant professor of physical education at the University of Oregon; and Dr. George A. Davidson, Vancouver psychiatrist.

**VARIED COURSES**

For the next five weeks there will be classes daily for three hours in the morning and three in the afternoon, with an additional extra-curricular hour starting at 11 each morning in the auditorium and featuring musical performances, dramatic presentations or talks on some branch of art.

The courses being offered the teachers cover every possible way and by-way of education. The general headings are the history and philosophy of education, psychology and measurement, individual development and guidance, organization and administration, graphic arts, practical arts, English, mathematics, primary education, science, social studies, music, school physical education, home economics, library service and recreational physical education.

Two complete grade 1 and 2 classes with 12 children from Victoria schools in each will be used for demonstration purposes in the primary education department. The schoolrooms set aside for the classes are fitted with the materials likely to be found in small rural schoolhouses.

Social activities for the teachers are also thoroughly planned. The main feature will be a weekly dance on Friday nights. In addition there will be class teas, picnics, excursions and nature study hikes.

Instruction will end August 4 and examinations will be held on the following day.

## STATED THETIS OVERCROWDED

LONDON (CP)—Over-crowded conditions in the submarine Thetis when she went down June 1 cut the normal breathing period of its occupants from 48 hours to 24, Capt. H. P. K. Oram, one of the four survivors, said today at the public inquiry into the disaster. The Thetis foundered during a test dive with the loss of 99 lives.

Capt. Oram, commander of the 5th Submarine Flotilla, said 103 persons were in the submarine in place of the usual 48. His statement was made in answer to question from Reginald Paget, counsel for relatives of one of the dead sailors, who had said he believed too many men were aboard the craft during the tests.

## PLANE BRUSHES ALBERTA CAMP MEN

Bomber Landing at Sarcee Slightly Injures Two Anti-aircraft Soldiers

CALGARY (CP)—Bruce Eby of Edmonton suffered minor injuries and James P. Matheson of Edmonton had one ear badly cut when a Wapiti bombing plane, taking part in military training today, stalled in making a landing at Sarcee Camp and struck the two men.

Both Edmontonians were manning an anti-aircraft battery on the ground at the camp, seven miles west of Calgary. The plane's wing tip caught them as the ship came to the ground.

Both Eby and Matheson were removed to the Belcher Military Hospital in Calgary.

The pilot of the plane, Sergeant Blockley, and his observer escaped injury.

The mishap occurred several hours before "warfare" featuring 360-hour-an-hour Hawker Hurricane planes was scheduled to begin.

## Collishaw Leads Fliers in Egypt

Former Nanaimo Boy, Allied Ace, Named to New R.A.F. Command

LONDON (CP)—Air Commodore Raymond Collishaw, formerly of Nanaimo, has been appointed officer commanding a new group formed in the Middle East command of the Royal Air Force and known as the Egypt Group, with headquarters at Heliopolis, Cairo, Egypt.

The Canadian officer attained the rank of Air Commodore—corresponding to a brigadier in the army—April 1. He is 43 and joined the Royal Naval Air Service in January, 1916, after serving for seven years in the Canadian fishery protection service, operating out of Victoria. Subsequently he became one of the most distinguished pilots in the Dunkirk sector in the closing year of the Great War.

Collishaw holds second place among British Empire pilots for enemy planes brought down during the Great War. He was mentioned four times in dispatches and was awarded the Distinguished Service Cross, the Distinguished Flying Cross and Bar, and French and Russian decorations.

After the Great War his record included service in Russia with the Allied Expeditionary force in 1919-20; with the British forces in north Persia in 1920; in Iraq in 1921-23, and senior Royal Air Force officer on H.M.S. Courageous in British intervention between Palestinian Arabs and Jews 1929-32.

**Vancouver Traffic Death**

VANCOUVER (CP)—Vancouver's "100 deathless days" campaign has ended, little more than three days after its inauguration. Thomas Hatley, 55, died early today from injuries suffered last night when struck by an automobile at a downtown intersection.

**Bomb Kills Five Arabs**

JERUSALEM (CP—Havas)—Five Arabs were killed by a bomb thrown in the Jewish quarter of Jerusalem today. Several were wounded. Police immediately suspended all traffic in that part of the city.

## Bitter Charges Exchanged By Danzig Factions

But No Violence; British Cabinet Hears Envoy's Report

### Customs Argument

By ALVIN STEINKOPF Associated Press Foreign Staff  
DANZIG—Polish charges and Danzig Nazi counter-charges grew in bitterness today following reports among Poles that Free City customs officials were giving pledges of loyalty to "the National Socialist (Nazi) leadership of the state."

Polish accusations were that effective customs inspection to protect Polish interests had ceased. A Danzig charge was that Polish inspectors were engaged in espionage and that their chief purpose was to report whether arms were being brought into Danzig.

The Polish answer was that no espionage could be carried on in any event because Polish customs inspectors were not on duty the entire day, and, at most border stations, nothing prevented Danzig officials from bringing in uncontrolled arms shipments at night.

**BRITISH REPORT**

LONDON (CP)—The foreign affairs committee of the cabinet heard a personal report today from Sir Howard Kennard, ambassador to Poland, on the Danzig situation in a lengthy meeting in which both European and Far Eastern problems were considered.

The cabinet expects tomorrow to get a first-hand summary of German views from Sir Neville Henderson, ambassador in Berlin, who is to arrive tonight from the German capital.

Count Edward Racynski, Polish ambassador in London, had a long talk last night with Foreign Secretary Viscount Halifax and left by airplane today for Warsaw, where he will report to his government on the situation.

There has been speculation over whether Britain, France and Poland would complain to the League of Nations that Nazi activities in Danzig contravened the Free City's constitution, which prohibits militarization of the city without the League's consent.

**'Appeasement' Foes Urged for Cabinet**

LONDON—Prime Minister Chamberlain was reported today to be still firmly opposed to the inclusion in his cabinet of Winston Churchill and Anthony Eden, foes of "appeasement."

Nevertheless, the campaign to get them into the cabinet continued.

The Manchester Guardian suggested that Alfred Duff Cooper, whom Hitler denounced along with Eden and Chamberlain, should also be given a post. Duff Cooper resigned as War Secretary in protest against the Munich agreement.

It has been expected for some time that Chamberlain would reshuffle his cabinet, dropping Earl Stanhope, Viscount Runciman and Viscount Maugham, replacing them with younger men who would be useful in the coming election.

## Autumn Election Certain; Liberal Optimism Surges

Hepburn Peace Pact Ends Ontario Split; Manion Tour 'Flops'; Duplessis To Be Neutral

By NORMAN MACLEOD  
OTTAWA—On the best of authority—which cannot be divulged at the present time—it can be said that Canada is certain to have a federal general election before the autumn is over.

Prime Minister W. L. Mackenzie King has not said so definitely as yet—in public. But he came pretty close to it at his regular weekly conference with the press gallery correspondents when he declared he would make no election decision until the international situation in Europe and Asia had clarified somewhat.

The obvious implication of that statement was that, contingent only upon the outbreak of an Empire war, a general election was in the offing for the coming autumn. That the international situation will reach a crisis of sufficient proportions to intervene in Canadian political plans before the autumn is over is not expected.

**AWAIT APPROPRIATE DATE**

The general theory with respect to Mr. King's delay in announcing a decision is simply that he wishes to defer his announcement to some particularly appropriate time for making it—conceivably the huge banquet being planned for August 20 in Toronto to celebrate the 20th anniversary of his election as federal Liberal chief.

Two circumstances have combined within the last fortnight or so to confirm the federal Liberal ministry in its judgment that the time to strike for another term in office has arrived.

**RASIS FOR LIBERAL OPTIMISM**

Generally, there is the sudden wave of optimism that has surged up within the Liberal Party almost from coast to coast.

This wave of optimism would be wholly inexplicable if it were based upon a belief in the present government's popularity with the electorate. But it is not. Federal Liberalism has a strong and wholesome suspicion that its position at the moment depends not upon the fact that the Canadian people like it more, but rather upon the fact that they like its opponents even less.

**MANION NOT EFFECTIVE**

In short, it is an optimism based upon Liberalism's belief in the weakness of its opposition. During the last fortnight, Conservative Leader R. J. Manion has been on a speaking tour around Ontario. Liberalism has been watching him closely, realizing that he is covering territory which, traditionally, should be

**Opponents May Force Roosevelt to Stand**

WASHINGTON (AP)—Senator George Norris, Nebraska Independent, said today that political opponents of President Roosevelt "may force him to run" for a third term.

Norris said he disliked the idea of a third term for any President, but expressed belief the present political situation justified another four years for Mr. Roosevelt.

The senator made it plain, however, that he would not attempt to influence the Democratic Party's selection of a 1940 nominee.

**Searchlight Battery At Prince George**

PRINCE GEORGE, B.C. (CP)—Brigadier J. C. Stewart, general officer commanding Military District No. 11, and Lieut.-Col. G. R. Turner left today for Vernon after doing organization work here for the 2nd Searchlight Battery, Royal Canadian Artillery coast defence.

Lieut. W. H. Crocker, Prince Rupert alderman, was detailed by Brigadier Stewart to carry on organization of the new militia unit.

The military officers came here yesterday from Vernon, where various British Columbia militia units had been in training camp.

**C.P.R. Income Takes Up-sput**

MONTREAL—Operating returns of Canadian Pacific Railway for May, which carried net operating income for the first five months of the year to \$4,288,000 compared with \$2,170,000 in the like 1938 period, has directed financial attention to the forecast of a better immediate and distant earning period made by President Beatty at the company's last meeting.

Gross revenues for the five months to May 31 amounted to \$51,435,686, or nearly \$300,000 more than the comparable gross for the same period a year ago. Working expenses, however, despite the extra costs which the Royal Visit entailed, were down to \$47,165,661, a betterment of more than \$1,800,000 compared with the same period last year.

It is stated in railway circles that seldom have Canadian Pacific's varied activities been carried on at a higher degree of efficiency than has been the case during the current year.

## Monetary Outline To Clear Position Before U.S. Vote

Treasury to State Points and Senate To Act On Bill

### Silver Price Debate

WASHINGTON (CP)—Officials of the United States Treasury plan to issue a clarifying statement on the complicated monetary situation early tomorrow without waiting for the Senate to vote on the monetary bill.

They would not say definitely what the statement would contain, but indicated today that it might disclose the price of silver mined in the United States, the price the treasury will pay for foreign silver, whether the \$2,000,000,000 stabilization fund is operating, and the price of gold.

The statement will be given out a few hours before the Senate acts tomorrow on a bill already approved by the House of Representatives extending the gold standard's power to change the gold value of the dollar, continuing the stabilization fund, and fixing the price of domestic silver at 71.11 cents an ounce. A Republican filibuster prevented final action before the expiration date of the old laws Friday night.

**OPINIONS DIFFER**

Attorneygeneral Frank Murphy advised President Roosevelt that the extension would be legal even though the gold and stabilization fund powers apparently have lapsed, but Republicans said Congress could not extend something that no longer existed. They said the powers could be revived only by new legislation.

The clatter of the stabilization fund's tickers throughout the long week-end government holiday answered, in part, one of the questions. The regular fund personnel was on duty as usual, although one official said fund transactions, if made, would be in the name of the Secretary of the Treasury rather than in the name of the fund—just for legal safety's sake.

The treasury bought no silver, either domestic or foreign, over the week-end. But nearly all of the regular Wednesday working hours will come before the Senate vote, and that is why the statement is forthcoming.

## FOOD STAMPS ADD TRADE IN SEATTLE

Relief Recipients Share in U.S. Surplus Food Distribution

SEATTLE (AP)—Officials in charge of Seattle's part in the federal surplus food stamp experiment, said today grocers as well as relief clients were finding the plan an asset.

Seattle food stores and markets will have \$11,436 worth of trade as result of yesterday's stamp disbursements at distribution headquarters, officials said. Of this amount, they said, \$6,714 would doubtless have been spent in normal trade by recipients of old age assistance, aid to the blind and aid to dependent children.

But \$4,722 worth of blue food stamps were given without cost by the Federal Surplus Commodities Corporation to those eligible who went to the headquarters.

The relief clients obtain \$1 in orange stamps from the county for the purchase of regular commodities and 50 cents in blue stamps from the Surplus Commodities Corporation for the purchase of surplus commodities.

**Woman Missing In Lake Erie**

PORT DOVER, Ont. (CP)—Mrs. Lloyd Tinknell of Woodstock, Ont., disappeared from her husband's yawl, the Tradewind, while it drifted in Long Point Bay, Lake Erie, last night and today it was believed she was drowned.

Tinknell, a member of the advertising staff of the Woodstock Sentinel-Review, and his wife were sleeping on a mattress on the roof of the cabin while their two small children slept inside.

Tinknell awoke this morning to find his wife missing.

## Accidents Take Holiday Toll of 500 Lives in U.S.

Final Figure Expected To Pass Last Year's; Many Road Deaths

### Saner Celebration

NEW YORK (AP)—The roster of violent deaths in the United States' four-day celebration of its independence reached a climax today with booming fireworks, oratory and picknicking.

With traffic and other accident fatalities mounting hourly, the total death toll was expected to surpass by far the 517 deaths recorded over "the Fourth" last year.

A nation-wide survey indicated, however, that 1939 was a saner celebration than any in recent years from a standpoint of injuries from fireworks, now outlawed in many cities and states.

President Roosevelt and his family celebrated the day marking the 163rd anniversary of independence with a quiet family picnic on the bank of the Hudson River, three miles from the President's Hyde Park estate.

A small party of neighbors and friends joined the outing at Mrs. Roosevelt's Val Kill cottage.

Automobile accidents topped the list of fatality causes, accounting for nearly half of the deaths tabulated by the Associated Press in the 48 states.

Drowning stood second on the list while shootings, airplane wrecks, fist fights, stabbings, falls and railroad accidents also contributed to the tale of tragedy.

**SMOKES FIRECRACKER**

ELK CITY, Okla. (AP)—Whitely Long lighted a firecracker with a cigarette, then absent-mindedly tossed away the cigarette and stuck the firecracker in his mouth. He's minus a tooth and has severe lip lacerations.

## Herridge May Oppose Premier

Prince Albert, Sask., Will Be Told Tonight If He Will Run There

REGINA (CP)—Hon. W. D. Herridge, Ottawa barrister and sponsor of the New Democracy movement, was invited today by the Prince Albert delegation to the New Democracy Saskatchewan conference to be the movement's candidate in the next federal election in Prince Albert riding, now represented by Prime Minister King.

Mr. Herridge told the conference he would announce his decision in his address at the closing session tonight, but the terms of his reply led delegates to believe he would accept and it was greeted with cheers and applause.

"It is a bold challenge," said Mr. Herridge, former Canadian Minister to the United States. "It involves a high responsibility. I must think the question over carefully. There is no reason, however, why I should unduly delay. Therefore tonight in my address I shall give my answer. Mr. King has held the Prince Albert seat since 1926. In extending the invitation before the conference, J. F. McKay of Prince Albert asked Mr. Herridge 'if he would accept a nomination for Prince Albert constituency if we can get him a united progressive front.'"

"In the last two elections in Prince Albert the Social Credit have been runners-up, the Conservatives next and the Co-operative Commonwealth Federation a long way behind the Conservatives. Bearing this in mind, we are of the opinion that if we could get a reasonably strong man to represent the New Democracy we would have a very good chance of defeating Mr. King," said Mr. McKay.

"We think it would be a reasonable thing for the champion of reform to meet the leader of reaction on a common battlefield. Again, if there are any who are disposed to doubt the origin of our movement, it should be obvious that if Mr. Herridge were put up by reactionary interests they would hardly put him, our strongest man, up against their own champion."

"I believe that if we can create a situation where we can oppose the leader of the government on the latter's own stamping ground we shall show the rest of Canada that we mean business."

## HERRIDGE GROUP STATES PROPOSALS

REGINA (CP)—The New Democracy Saskatchewan Conference today endorsed the resolution of its sponsor, Hon. W. D. Herridge:

"To undertake what ever economic and monetary reports that may be required to stabilize production upon its maximum level and keeping the best in the present system and if necessary employing a measure of government control of the economic and monetary systems and the support of all vital elements in an efficient system such as collective bargaining, co-operative buying and selling, establishment of minimum prices and wages, control of monopolies, regulation of bank and interest rates and the providing of necessary social services."

It was decided to elect at the conference a board of seven persons, so choose their own officers. Each of the 21 federal constituencies in Saskatchewan will select representatives on the board, bringing its membership to 28.

### ANNOUNCEMENTS

Clearance of all spring and summer model hats from \$6.95 to \$15 at exactly one-half regular price. All other summer hats reduced. Myro B. Clever, Distinctive Millinery, 101 Campbell Building, 1029 Douglas Street.

## Educator Flies Home to Trial

Louisiana Watches As Dr. J. M. Smith Returns From Canada

WASHINGTON (AP)—A commercial airplane carrying Dr. James Monroe Smith, former Louisiana State University president, and Mrs. Smith back to Louisiana left Washington airport at 11.16 a.m., E.S.T., today.

Neither Dr. Smith, his wife nor two Louisiana police officers accompanying them left the ship during its 16 minutes stopover. The former L.S.U. president is going home to face embezzlement charges.

### ADMISSIONS REPORTED

NEW ORLEANS (AP)—Louisiana's attention was focused today on statements by the former governor and a supreme court justice alleging that Dr. James Monroe Smith, charged with embezzling \$100,000 from the state university he headed, admitted "financial irregularities" at the school before he resigned.

While federal agents were promised by Governor Earl K. Long they could have first right to question the educationist now being returned from Brockville, Ont., where he surrendered last Saturday, former Governor Richard Leche said Smith, before quitting June 25, told him "he had done a very foolish thing and borrowed \$200,000 without authorization of the (school) board."

"I was flabbergasted," the former state governor said in a telephone statement to the Associated Press, and added that he then did not realize the true meaning of Smith's statement. He explained he told Smith to "go home and rest up while he looked into the matter."

## PRAIRIES WELCOME WARM DAYS

Higher Temperatures After Rain Speeds Growth of Grain

OTTAWA (CP)—Recent high temperatures hastened crop growth in the prairie provinces, the Dominion Bureau of Statistics said today in its third telegraphic crop report covering conditions throughout Canada. Favorable soil moisture conditions continue except in southeastern Saskatchewan.

The report said grasshoppers did a small amount of damage in Saskatchewan, but were kept in check in Manitoba and southern Alberta.

Leaf rust made its appearance in isolated localities a week later than in 1938, it added. The wheat crop is heading out in Manitoba and Saskatchewan. Elsewhere it is mainly in the shot blade stage.

Where the heads have appeared they are somewhat short, but should fill well. Rains are needed at present only in southeastern Saskatchewan, where crop prospects continue only poor to fair.

### PASTURES GREEN

As long as pastures and other vegetation remain green, the grasshoppers are not likely to make serious inroads on wheat, the report says.

Hailstorms occurred in three prairie provinces during the past week, but were severe only in the central districts of Alberta. Browning root rot is reported in Saskatchewan and southern and east-central Alberta. This may delay the crop and cause some lowering of yields.

Traces of leaf rust were reported at Morden and at Saskatoon, but no stem rust has yet appeared. Leaf rust made its first appearance a week later than in 1938. Coarse grains have made good progress during the past week. Pastures and livestock are in generally good condition.

Dry warm weather is needed in British Columbia to hasten the growth of tender vegetable crops and to facilitate haying.

Over most of eastern Canada crop conditions have improved during the past two weeks as a result of timely rainfall and the advent of warmer weather. The season is still late in the Maritime Provinces, but most crops are now growing well and the outlook is generally favorable. Haying is in progress in Ontario and parts of Quebec, with some interruptions on account of showery weather. Grain crops are promising and pastures are holding up well.

### Lindbergh On Flight

SAN RAFAEL, Calif. (AP)—Col. Charles A. Lindbergh took off from the Hamilton Field army air base before 11 a.m. today for an unannounced destination, presumed to be in the Pacific northwest.

It was previously reported Lindbergh would visit Seattle and other northwest cities, on a survey of army air corps units and airports. He arrived here yesterday in an army pursuit plane.

### Today in Europe

## New Aid Pact Obstacles

Britain and France Find Russia Wants Pledges From Poland and Turkey

By J. F. SANDERSON  
Canadian Press Staff Writer

LONDON—Great Britain and Russia have struck new snags in negotiating a military alliance linking the two countries with France in a European peace front, it was stated in official circles tonight.

It is understood Russia has demanded that Poland and Turkey give her territorial guarantees similar to those from Britain and France in return for pledges by Russia to Holland, Switzerland and Belgium.

Soviet circles in London said Britain, France and Russia had reached agreement on all main points, leaving only minor questions to be cleared up. This attitude was at variance with British sources, which claimed new and serious difficulties had been reached.

In some British circles there is a disposition to regard the Soviets as boosting their terms every time Britain and France agree to them. These circles frankly discuss the possibility that Russia does not want a pact after all.

This feeling, however, is not held in official quarters, which are still convinced of Russia's sincerity.

Britain and France after long hesitation had agreed to guarantee Latvia, Finland and Estonia, Russia's Baltic neighbors, and in return asked the Soviets to extend pledges of military support to Switzerland, Holland and Belgium.

It was understood Russia had agreed to these terms. But now apparently the Soviets seek additional guarantees for their country.

This will necessitate additional negotiations in Moscow between Foreign Commissar Vyacheslav Molotov and the British and French representatives. There is only a slight chance of an agreement being concluded by this week-end.

### Russia Asks Light On Proposals

PARIS (CP-Havas)—Foreign Commissar Vyacheslav Molotov has asked the French and British governments for clarification of several points before accepting the latest proposals for an Anglo-Franco-Soviet pact, it was reported here today.

The Soviet reply to the Anglo-French proposals arrived at the Quai d'Orsay this morning. It was understood to contain a request for details on certain points, indicating that negotiations will continue for some time.

### Says Britain Ready To Guard Friends

LONDON (CP)—Great Britain is ready to guard itself and its friends at any cost, Lord Lloyd, president of the British Council, told a group of Spanish newspapermen invited here by the council.

"We believe that after a fortnight in England you will go away with a very different picture of modern England," he said. "You will see England traditionally prepared today not only to defend her own rights but to stand for all her friends at any cost."

The British Council is an agency for publicity abroad with headquarters on Hanover Street and 70 persons in its employ.

### Danzig Makes Ready Till 'Germans Come'

DANZIG—The Nazi-controlled Free City of Danzig is making military preparations to defend itself in the event of hostilities "until German troops reach us from East Prussia," informed sources said today.

The Free City strengthened its military position by calling up 1,000 youths for one year of compulsory service and decreeing all Danzigers may be required to perform work important to the state.

### Reich Troops Manoeuvre

BAD WILDUNGEN, Germany (AP)—Ten thousand reconnoitering troops in western Germany are engaged in manoeuvres described as the most extensive ever undertaken by this type of technical force. The exercises began Sunday and will continue until Friday.

### Five Italian Fliers Killed

CAGLIARI, Sardinia, Italy (AP)—An Italian naval seaplane crashed last night on a practice flight and burned five occupants to death.

It was Italy's second serious air accident in five days. Nine army fliers were killed June 30 when two trimotored bombers collided during manoeuvres near Viterbo.

## Britain Declared Ready for Challenge

More-Belisha Says in Paris Speech Democracies Firmly United

PARIS (CP-Havas)—A warning that Great Britain has transformed itself from a peaceful democracy to a nation in arms and is prepared to fight any challenger at the side of France, was sounded by Leslie More-Belisha, British war secretary, in a speech to the Franco-Great Britain association here tonight.

"Let the whole world know," he declared, "that our two countries understand completely the character of the challenge which is offered to us, and will meet it, if need be, with decision."

"It would be the most mortal of errors for observers, and still more for interested parties, to make false deductions from the fact that circumstances have placed us upon the defensive."

These circumstances, Mr. More-Belisha explained, were simply the democratic form of government obtaining in France and Britain and the desire of their citizens to avoid war. But Britain has already gone a long way toward ending its easy-going policy, he declared, and would have an army of 1,000,000 men ready for service within a year.

### PERIOD ENDS

The people of France and Britain, he said, know "that the long period during which they have been privileged to enjoy great wealth and great war on easy terms has been closing, and that to retain their status and their influence—neither of which they will relax—discipline and sacrifice are demanded of them."

"Hitherto with the army has been a small section of the community. Henceforward every family in our country, as in France, will be brought into close touch with its life and with its progress. There will be a lasting reaction on the soul of the army and the spirit of the nation."

Among the guests who heard the war minister's speech was the French Foreign Minister, Georges Bonnet.

## Hilger to Meet Bulgarian Premier

BERLIN (AP)—Adolf Hitler, back in his chancellery after several weeks of rest in his mountain home, left the rest of the world worry about Danzig today while ostensibly shifting his attention to southeastern neighbors.

While two Hungarian and Bulgarian leaders were en route here for discussion and entertainments, Nazi editorial writers shot bars of ridicule at foreign reports of a "putsch in Danzig that did not take place and at 'alarm reports' in the French, British and Polish press.

General Henry Weth, chief of the general staff of the Hungarian army, arriving in Berlin tonight for a visit of several days, will attend German army manoeuvres and inspect fortifications.

Prime Minister George Kiossevanoff of Bulgaria is due in Berlin tomorrow for a round of festivities and discussions that are to rival those held for Prince Paul, regent of Yugoslavia, during whose five-day visit beginning June 1 Hitler guaranteed Yugoslav borders.

Nazi leaders and newspapers scoffed at those who predicted a Nazi putsch in the Free City of Danzig last week-end. An authorized spokesman declared "Germany has no intention of forcing the issue" with Poland over Danzig, and "we have no desire to go against the territorial integrity of Poland; if we had wanted to let the matter come to military action we could have done so any day."

### Cardinal Ends Tour in Austria

VIENNA (AP)—Theodore Cardinal Innitzer, Archbishop of Vienna, was disclosed today to have cut short a tour of Catholic parishes in northwestern Austria because of hostile demonstrations in which he was a target for rotten eggs.

At Koenigsbrunn last Sunday, informed sources said, the population assembled in front of the rectory where the cardinal was shouting: "Your hands are stained with the blood of Holzeber and Planetta."

They were two Nazis who were hanged in Austria, before its annexation by Germany, as ring-leaders of the unsuccessful 1934 putsch in which Austrian Chancellor Engelbert Dollfuss was slain.

## 26 Yachts in Ocean Race

Fleet Away From Treasure Island for Hawaii Today

SAN FRANCISCO (AP)—Over the waters of the Pacific late today white-winged sailing craft will be racing against time, each other, and the physical endurance of their crews in the Hawaii-bound yachting classic, greatest spectacle of its kind in the western hemisphere.

The starting gun will send the fleet of 26 away from the base at Treasure Island, site of the Golden Gate Exposition. When the sun rolls over the horizon they'll be tiny specks on the ocean, some to be unheard from until Diamond Head in the islands, 2,085 nautical miles away, signalizes the end of the long test of navigatory skill.

Thirty-three years ago the race was conceived by Clarence W. MacFarlane of Honolulu. To convince skeptics it was feasible, he raced his 48-foot schooner against a commercial bark to San Francisco.

During the crossing he sighted what appeared to be land, uncharted on the map. It stretched for miles, but was spongy and navigable. He steered through the mass, reached San Francisco in 28 days and ahead of the other ship.

When he arrived he found the city by the Golden Gate in shambles, reduced to ruin by the 1906 earthquake and fire. The "land" he had sighted far out was coral, jarred loose from the ocean bottom by the quake.

Commodore MacFarlane's days of arduous yachting are over, but he was on hand today to start the biggest trans-Pacific race ever held.

The record time of 12 days 2 hours 48 minutes and 3 seconds was set in 1926 by the schooner Invader. It may be bettered, depending on wind and water conditions. Some of the entries, however, may take weeks to make the trip.

## NEW YORK FAILS IN BIG SUIT

Privy Council in London Rejects Appeal for Money Held in Montreal

LONDON (CP)—The Judicial Committee of the Privy Council today dismissed the appeal of the state of New York from decisions of the Quebec courts in its effort to reclaim \$3,405,000 paid John M. Phillips for sewer construction between 1917 and 1923 in Quebec's Borough, New York.

Part of the money had been deposited in a Montreal bank.

Their lordships decided they could not hear the appeal on its merits because both lower courts had found against the appellants on questions of fact.

Alme Geoffrion, K.C., of Montreal, remarked that the rule under which their lordships rejected the appeal was not of cast iron.

Lord Atkin replied the only time he recalled it had been waived was when a woman appeared personally to plead in a copyright case.

She faintly when told the rule might apply in her case and the committee heard her address for three days, fearing she might faint again.

Lord Atkin added: "Mr. Geoffrion, we are not afraid that might happen to you."

The Queen's sewer scandal rocked New York city politics more than a decade ago. Phillips was charged with conspiracy in obtaining contracts fraudulently, but died before he could be brought to trial.

It was learned that 312 \$1,000 bills had been deposited in a Montreal bank in the name of Phillips' son, Francis, who was killed in an airplane accident. Claims to this money by New York State were rejected by the Superior Court in Montreal in 1934.

It was found that in fact there had been no conspiracy.

This judgment was upheld by the Quebec Court of Appeal last year.

### Holland Objects

LONDON—British official sources said today the Netherlands had sent Great Britain a note expressing objections to being given specific guarantees in the projected non-aggression pact.

The note was understood to have been the result of reports that Britain's latest proposals to Moscow provided for three-power guarantees to Switzerland, Belgium and the Netherlands if Russia insisted on demanding similar guarantees for the Baltic states.

The Netherlands' objection was said to be based on fear the inclusion of her name in the pact might jeopardize her traditional policy of neutrality.

### Incidents in Orient

## Tientsin Milk Supply Cut

Japanese Delay Passage at Barricades; Further Friction With Britons Develops

SHANGHAI (AP)—Nearly all milk supplies for the British and French concessions in Tientsin were cut off because of delay at the blockade barriers Tuesday, and Japanese explained the milk must be examined "because there might be bombs in the bottles."

Only 30 bottles of milk entered the British concession during the morning. It was for the British military hospital. There was none for other hospitals.

Russian dairymen of Tientsin refused to bring in any milk for the foreign areas, in which more than 189,000 persons reside. They explained Japanese guards had detained some of them at barriers for as long as five hours, the milk spoiled, and Japanese dumped it as worthless.

### NEW FRICTION SOURCE

Domel (Japanese news agency) reported another point of Japanese-British friction at Tientsin, where Japanese have blockaded the British and French concessions since June 14.

The agency quoted army officers as saying they suspected British of supplying arms and ammunition to Chinese guerrillas and of supplying them with information on Japanese troop movements.

The officers were said to have declared that the British consul-general, Edward G. Jamieson, had advanced news of guerrilla plans to attack a Belgian-owned power plant, which was raided Saturday night.

The British China Inland Missions property at Kwelchowfu, 280 miles west of Hankow, was reported in a belated telegram today to have been damaged in a Japanese air raid there last Thursday.

Foreigners there were safe but 1,000 Chinese were said to have been killed in the raid, which destroyed one-fifth of the city.

### Chinese Reduce Total of Imports

HONGKONG (AP)—Chinese Finance Minister H. H. Kung announced Tuesday that henceforth all applications for foreign exchange to pay imports must be submitted to a government committee, which will issue permits only for essentials.

The measure was designed to strengthen new import restrictions, imposed Monday in an attempt to save \$68,000,000 now required annually to meet the Chinese adverse trade balance. The importation of items like liquors, tobacco, silks, toys and candy was forbidden.

### Britain Orders Japan Goods Marked

LONDON—First mild "sanction" against Japan was revealed in the House of Commons today when Hon. Oliver Stanley of the Board of Trade, announced that the government had decided that imported goods must bear the name of the country of origin instead of being merely stamped "foreign."

Hitherto Britain has imported much drapery, clothing, food and toys from Japan which were stamped merely as "foreign" goods when exposed for sale.

If such goods were stamped "Japan," it is believed a popular boycott might be possible, similar to the modified and official boycotts in some other countries.

## DISCOVER NEW EXPLODING STARS

California Scientists Study Novae Billion Times Brighter Than Sun

PASADENA, Calif. (AP)—Dr. Walter Baade and associates have found evidence of exploding stars which reach a brilliance 1,000,000 times that of the sun.

He was on his way to Paris today to tell a world gathering of astronomers what has been learned here about these stars which suddenly puff out to many times their original size and become the brightest objects in the known universe, then gradually fade.

"Investigation of the spectra of this type of novae at Mount Wilson Observatory fully confirmed the view that they form an entirely new class," Dr. Baade disclosed just before departing.

"Supernovae are a much rarer phenomenon than common novae. The latter average about 70,000 times the luminosity of the sun and are observable with our present optical means only in the nearest extra-galactic systems."

The supernovae displayed a distinguishing new feature. Their maximum luminosity was comparable with that of the entire galaxies or star systems in which they appeared, giving them a

## Claim Nine Russian Planes Shot Down

TOKIO (AP)—Domel (Japanese news agency) reported Tuesday nine Soviet planes had been shot down by Japanese airmen in a renewal of aerial warfare on the Manchukuo-Outer Mongolian border.

Domel said Japanese air forces carried out a dozen raids on Mongolian or Soviet Russian positions west of the Khalka River.

The Khalka front, according to Japanese communiques, was the scene of a clash Monday in which Japanese forces ousted the enemy from a hilltop stronghold and captured 30 tanks.

Manchukuo is held and defended by the Japanese army. Outer Mongolia has a similar tie with Soviet Russia.

### Prepare for Tokio Parley on Tientsin

TOKIO (CP)—British Ambassador Sir Robert Craigie called on Foreign Minister Hachiro Arita Tuesday to discuss the agenda and other arrangements for the Anglo-Japanese parleys on the Tientsin blockade, scheduled to begin here this week.

British spokesmen emphatically denied a Japanese version of an interview given to the press by Sir Robert in which he was quoted as saying the British negotiators were ready to discuss Anglo-Japanese relations as a whole in addition to the specific issues in dispute at Tientsin.

### Japan Calls Up Million Workers

TOKIO—Determined to prosecute Japan's undeclared war against China, the cabinet today ordered the recruiting of 1,100,000 laborers for work in munition factories, farms and to maintain the nation's military preparedness.

Cabinet ministers decided to invoke the labor mobilization law effective July 15.

The workers will be taken from the already depleted schools and from the ranks of the unemployed. Women will be recruited extensively.

### Britain Supports Chinese Currency

LONDON (CP)—Sir John Simon, Chancellor of the Exchequer, said today the British government had no intention of complying with demands of Japanese spokesmen that it cease supporting Chinese currency.

Replying to a question in the House of Commons, Sir John said:

"I see no reason to depart from the view that the stability of Chinese currency is of great importance from the point of view of British interests and other interests which have economic and financial relations with China."

(Two British banks with government support subscribed half of a £10,000,000 (\$46,800,000) fund set up by the Chinese government last March to support the Chinese dollar. In the Tientsin dispute between Britain and Japan, Japanese spokesmen have insisted that Britain withdraw its support of the yuan and support instead the currency of the Japanese-dominated Federal Reserve Bank.)

mean luminosity of 50,000,000 suns."

Dr. Fritz Zwicky began a search for supernovae with an 18-inch telescope at Mount Palomar in 1936 and so far has found nine. Recheck of photographic plates at Mount Wilson and other observatories has brought the total known to 30. Dr. Zwicky finds the supernovae. Drs. Baade and R. Minkowski study them with the 100-inch telescope.

### Firearms Charge

VANCOUVER (CP)—Elmer Almquist and Harold Erickson appeared today in police court and were remanded till Friday for hearing on charges of illegal possession of firearms arising from the attempted hold-up last week of a Royal Bank of Canada branch here.

The pair were arrested after two armed and masked men had held bank employees at gun point in a vain attempt to obtain money. The teller locked his cage while the men were herding other employees to the rear of the bank. They escaped empty-handed after failing to open the locked cage.

CALGARY (CP)—J. C. Landervoy, member of parliament for Calgary East, announced last night he would leave shortly for Nova Scotia to do organization work for the New Democracy movement and to work for a Social Credit provincial administration in that province.

## Finds His Wife Is New Princess

Porter's 'Missus' To Be No 5 in Prince's Harem

NEW YORK—Carson Clarence Rollins Jr., railroad Pullman porter, in a formal statement to the press, explains the dark-skinned lady now en route to Paris to marry Prince Batoula, heir-apparent to the throne of Senegal, French West Africa, happens to be his legally-wedded missus.

Rollins, who is 28, colored, added that he is no whit perturbed and may even send a small wedding present. He is convinced, he said, that his helpmeet, the former Harriette Mercer, will make a good and gracious queen over the nearly 2,000,000 French colonial subjects when, and if, her new father-in-law, King Madhamadu, passes into the Great Beyond and the Prince assumes the nominal rulership.

The soon-to-be Princess Harriette, he said, should also keep things spick-and-span about the Royal Palace because she has achieved standing as one of the leading laundresses of Harlem. Few ladies, he declared proudly, can boast her prowess over a washtub or flip the suds with a more regal gesture.

### PRINCE HAS FIVE WIVES

The trifling consideration that she is already married probably will make no difference to Prince Batoula either. Rollins went on, because His Royal Highness has five wives now—and considers himself a bachelor.

"My wife, or the Princess, as I shall call her, has given out a similar statement, I believe," Mr. Rollins said. "She has been quoted as saying that she does not consider the Prince's present wives of any consequence but looks upon him as virtually unattached. How like her," he added dreamily.

### SHE LEFT QUIETLY

Rollins said he would have bade his wife bon voyage when she sailed quietly on the De Grasse last week, but he did not learn of her departure until yesterday.

"I was on my way to Saratoga," he said. "A gentleman had just rung for ice water and a pillow and I was obtaining same when I happened to glance at a paper in my linen closet. You can imagine my surprise on reading it and learning that my wife was about to become a Princess."

Rollins said that Miss Mercer was married to Stroudsburg, Pa., on September 9, 1931, when she

## BEARS IN ZOO KILL PHYSICIAN

Too Close Approach  
To Cage Ends in Death  
At Charlesbourg, Que.

CHARLESBOURG, Que. (CP)—While his two children looked on horrified, Dr. Joseph Germain of Rimouski, Que., was attacked and killed last night by two Polar bears in the Quebec Zoological Gardens in this village 13 miles north of Quebec City.

Witnesses said Dr. Germain was feeding the bears peanuts when one suddenly reached its paws through the cage bars and sank its claws in his shoulders. His arms were torn to ribbons, his thighs and legs lacerated by the two beasts.

Witnesses reported Dr. Germain got close to the cage by climbing under a steel railing in front of it.

Zoo attendants said the bears recently ripped the clothing of a small boy who crawled under the railing to approach the cage. The lad escaped uninjured, however.

The victim's screams and those of his children, Jeanne, 22, and Paul, 14, attracted a crowd, but he was beyond help. Young Germain threw sand and pebbles into the bears' eyes before his father's body fell to the ground.

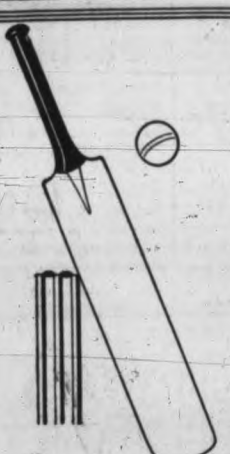

At a subsequent inquest a verdict of accidental death was returned. Dr. P. V. Marceau, district coroner, said. Newspapers were not admitted to the inquest.

"The victim died from traumatic shock, due to multiple wounds caused accidentally by bears at the zoo at a moment when he was feeding the animals, contrary to zoological garden regulations," Dr. Marceau told reporters.

## Bund Re-elects Kuhn

NEW YORK (AP)—The German-American Bund ended an unannounced three-day national convention here yesterday by re-electing Fritz Kuhn national leader and endorsing his policies.

The sun's distance from the earth varies from about 91.5 million miles in January to 94.5 million miles in July.

At Lord's, the sophisticated Englishman keeps his briar going, cool and sweet, with just such a time-honoured smoking mixture as Piccadilly. The keener your smoker's taste, the more you will appreciate Piccadilly. Its smooth flavour and fragrance will bring you a fuller realization of the pleasure of the pipe.

## Support for Third Term for Roosevelt

Senator J. F. Guffey  
Says Country's Welfare  
Demands His Re-election

WASHINGTON (AP)—Senator Joseph F. Guffey, Democrat, Pennsylvania, classifying United States government opposition elements as "torres and political intrigues," advocates re-election of President Roosevelt in 1940 with "no ifs, ands or buts, no alibis and no double-crossing."

In a broadcast speech Guffey last night represented himself as a "practical politician" who expected to seek re-election to the Senate next year on his record as "100 per cent pro-Roosevelt New Deal Democrat."

"As a matter of cold political fact," Guffey told his audience, "if Franklin Delano Roosevelt is elected to the presidency again it will be his first real term of office. When you elected Roosevelt in 1932, his first term was canceled, vetoed by the Supreme Court."

"When you re-elected Roosevelt in 1936, his second term was stolen by Tories and political intrigues."

"If the tory politicians and the big business magnates succeed in bamboozling the American people for a third time, in 1940, then there's going to be upheaval which will sweep away all politicians and all big business."

## DIONNE IN SUIT AGAINST DAFOE

NORTH BAY, Ont. (CP)—Olivia Dionne, mother of the quintuplets, has filed in the Nipissing district court here a statement of claim demanding that Dr. Allan Roy Dafoe, their physician, turn into the quint's estate all funds allegedly realized by him on contracts in which pictures or names of the five sisters were included.

Dionne's statement of claim asks that a full inquiry be made into the matter of any contracts Dr. Dafoe may have signed, and seeks litigation costs.

Dr. Dafoe would make no comment on the suit nor on the filing of a "notice to produce" requiring his presence at next Friday's meeting of the quintuplets' guardians with all contracts in which his name is linked with those of the girls. Both he and Dionne are guardians.

The notice to produce seeks production of alleged contracts with some of the companies.

## FIND USES FOR HERRING SCALE

EASTPORT, Me. (CP)—More and more fishermen in this city and Lubec are engaging in the herring scale business. A product that formerly was considered worthless now is being made into a pearl lacquer used to decorate numerous articles.

Boats are being constructed with false bottoms especially for this industry. Fishermen bring the boats to the wharves, fill them with herring, let them stay a while, then take them out, always finding the boat bottom covered with these precious scales.

Capt. Arthur Stewart of Eastport obtained 1,300 pounds of these scales at Perry weirs. More than 1,500,000 pounds will be used in the manufacture of the new pearl essence this summer at the three plants now operating in Quoddy.

## FISHERIES BOARD SITS IN VANCOUVER

VANCOUVER (CP)—The International Fisheries Commission, composed of Canadian and United States representatives, opened a three-day meeting here today to discuss Sockeye salmon rehabilitation plans.

A. L. Hager of Vancouver, commission chairman, is presiding over the meeting which will be attended by Edward W. Allen, Seattle, secretary; Tom Reid, member of Parliament for New Westminster; A. J. Whitmore, Ottawa; B. N. Brennan, Seattle; Charles E. Jackson, Washington, D.C.; and Dr. W. F. Thompson, director of investigations.

Findings of the commission to date will be discussed at round table conferences during the first two days and on Wednesday the commissioners will meet the fishermen's advisory committee composed of five Canadian and five United States fishermen.

## Japanese Air Raiders Kill 1,000 Chinese

CHUNGKING (AP)—The British China Inland Mission's property at Kweichowfu, 280 miles west of Hankow, was reported to have been damaged in a Japanese air raid there last Thursday. Foreigners there were safe, but 1,000 Chinese were said to have been killed in the raid.

## Incinerator Discussion

CANBERRA, Australia (CP)—Residents of Canberra are in something of a dither over the proximity of a garbage incinerator to Government House, where the Duke and Duchess of Kent will take up residence in November.

It is claimed fumes from the incinerator reach the Government House grounds. The plant is three-quarters of a mile from the residence.

The government's view is understood to be that the plant is architecturally in keeping with its surroundings and that no smell is created because of the scientific process used.

## AUTHORS DISCUSS RADIO STYLE

Literary Language  
Not Suited to Needs,  
Says Liaison Officer

HALIFAX (CP)—The relationship between the radio listener and the talker should be "intimate and personal," and for general radio purposes the colloquial as opposed to the literary language should be used in radio writing, D'Arcy Marsh, Canadian Broadcasting Corporation press liaison officer, told the Canadian Authors' Association in a speech prepared for delivery here today.

In his paper, read in his absence by George R. Young, regional director of the C.B.C., Mr. Marsh referred to his own position as "falling between two stools," radio and journalism, the spoken language and the written one.

A former newspaperman, he found on taking up writing for radio broadcasts he "could not employ the more obvious verbal gymnastics of the front-page news story."

For general broadcasting purposes the literary language was too stiff, too formal and often too involved. There was, however, a place for the written language in radio.

Radio drama he described as being "still in its infancy." "Those who are trying to write it have escaped with difficulty from the traditions of the conventional theatre."

## TWO FOUND DEAD IN APARTMENTS

Capt. E. B. Charteris  
Shot Self in London;  
Marcia Franklin Passed

LONDON (CP)—Scotland Yard today investigated the simultaneous deaths of Capt. Edmund Butler Charteris, 67, War Office private secretary, and Miss Marcia Franklin, 30-year-old film player, whose bodies were found in adjacent Piccadilly apartments yesterday.

Charteris' head was pierced by a bullet and a rifle lay at his side. Miss Franklin apparently died of an overdose of medicine. Detectives who came on the young woman's body on her bedroom shortly after learning of Charteris' death declared the two were strangers and that their deaths in the same building within a few hours of each other were pure coincidence.

Three months ago, and nine months after he had been involved in a divorce suit, Charteris married Mrs. Dorothy Sheldon.

## German-born Warned To Ignore Nazi Call

DETROIT—Instructions to ignore any request to post a proclamation directing German citizens born in 1920 to register for compulsory military and labor service under the Reich, were sent to all American Turner Clubs in the United States today by Arthur A. Kuecken, vice-president of the Turners' national executive committee.

Kuecken at the same time received a letter from the German consulate at Cleveland asking him to disregard its request to post the proclamation and expressing "regret that this error should have occurred."

The proclamation directed "Reich citizens" to register at the German consulate in Cleveland "on or before July 15, 1939." Kuecken had termed the request that the notice be posted in Turner Clubs, "an affront to an American organization."

## No Expeditionary Force

DUBLIN (CP)—Hon. Walter Nash, New Zealand's finance minister, told reporters last night his country is not likely to send another expeditionary force to Europe in the event that Britain becomes involved in another war. He said New Zealand was taking steps, however, to defend itself. There was less fear of Japan in his country, he said, than in Australia.

Mr. Nash is visiting Prime Minister Eamon de Valera.

## Plotters Cause Blast In Kentucky Mine

HARLAN, N.Y. (AP)—An underground dynamite explosion which caused \$20,000 damage to equipment of a coal mine was investigated today by Harlan County officials and a detachment of national guardsmen.

Jake Angel, foreman of the Mahan-Ellison Coal Company's mine at Liggett, Ky., who estimated the damage, said the blast was touched off sometime between Saturday and yesterday in the mine's only mechanized section, a spot nearly a mile from the entrance.

Tracking dogs were brought from Lexington to aid the search for the dynamiters and Major Fred Staples, commanding the approximately 300 troopers on duty in the Harlan coal fields, sent a group of militiamen to assist in the investigation.

Angel said major damage was to a coal landing machine and a coal cutting machine.

## POETRY AWARD TO BE PRESENTED

HALIFAX (CP)—Kenneth Leslie, who will be formally presented with the Governor-General's poetry award for 1938, at the Canadian Authors' Association convention here, is the poet-interpreter of Nova Scotia's Gaelic people and its seafaring men.

His book, "By Stubbhorn Stars," published by Ryerson Press, won him the award. Roderick Kennedy and Jean Ritchie Anderson writing in the Montreal Standard said of the book:

"The poetry contained in the little volume 'By Stubbhorn Stars' shows clear evidence throughout of its author's ancestry and early environment. It has a strong tang of the sea."

"It is not the physical sea which draws him, but the spiritual, the mystical and indefinable qualities of which the great waters are, to the soul of the poet, merely manifestations." Leslie is as much a product of the apple lands and fishing villages of Nova Scotia as he is of Dalhousie University and Harvard College. He is equally at home in Peggy's Cove, in New York or Paris.

He is an accomplished musician as well as a first-rate poet. He has taught in the country schools of Nova Scotia, preached from widely-known pulpits in the United States and has contributed much in the public press to the discussion of social political and economic questions.

His address before the delegates to the Rural and Industrial Conference at Antigonish, N.S., last year was rated as outstanding. He is also a good farmer, preferring this designation to all others. Invariably, when traveling, he sees his passports are so endorsed.

## BORN IN PICTOU

Leslie was born in Pictou, N.S., the eldest son of Robert and Rebecca Leslie. His mother, to whom he pays moving tribute in his poem, "Mother, My Heart Flows Over," was a former school teacher. His father, a native of Spry Bay in Halifax County, had built up a prosperous fish business, which included Cape Breton and the Magdalen Islands in its operations.

A steamship connection with the Magdalenes was later established, and it was on one of his own steamers Robert Leslie lost his life by drowning when Kenneth, living in Halifax at the time, was a young lad. The poem "Lowlands Low" vibrates with his sense of loss because of this tragedy in his early life.

Robert Norwood, the Nova Scotia poet who died as rector of St. Bartholomew's Church, New York, in 1932, was fond of telling a story of the elder Leslie. Norwood's father was the Anglican rector at Grindstone in the Magdalenes when Robert Leslie brought his bride to her new home. The youthful Leslie was a fine upstanding son of the sea, and when a squabble broke out among the fishermen, as it not infrequently did, he would fly to the scene shouting "I'm mediator here."

After attending school in Halifax, Kenneth Leslie went to Dalhousie University taking his arts degree at the age of 16. During the summer holidays he taught school in the wooded settlements outside Halifax, walking as much as 12 miles into the city for his week-ends.

Leslie's uncle, Dr. Samuel Bentley, a half-brother of his mother, held a chair for many years at the University of Kansas. Another brother, Dr. Frank Starratt, held a professorship at the time at Colgate. As between the two Leslie decided to take his master's degree at the midwestern university. He then proceeded to Harvard, reading for his Ph.D. under Josiah Royce.

Hudson seal is the trade name for common muskrat fur made up to resemble seal.

## Miner Killed in Abbotsford Crash

ABBOTSFORD, B.C. (CP)—One man was killed and four persons injured when two automobiles collided on the Trans-Canada Highway near this Fraser Valley town yesterday.

George Spavdohar, 35-year-old Yugoslav miner, died in a hospital a few hours after the car he was driving crashed, seriously injuring two companions—John Mihelil and Joe Bradobich.

J. P. Proulx of Vancouver was riding in the second car with his wife. Both were released from hospital after first aid treatment.

Spavdohar and his companions were en route to the Consolidated Nicola Goldfields mine at Stump Lake, after spending the Dominion Day holiday at Vancouver. Spavdohar, survived by the widow and son in Yugoslavia, leaves relatives in Timmins, Ont.

## STRESS INFLUENCE OF ROYAL VISIT

Hon. Vincent Massey  
And Lord Lothian Speak  
At London Canadian Event

LONDON (CP)—God Save the King has been given a new meaning in Canada as a result of the visit of King George and Queen Elizabeth to the Dominion, Hon. Vincent Massey, Canadian High Commissioner in London, said last night.

He spoke at a Canada Club dinner marking the Dominion's 72nd birthday at which eight members of the Royal suite who contributed to the success of the tour of Their Majesties were guests of honor.

Mr. Massey estimated that 8,500,000 Canadians saw the King and Queen—three-quarters of the Dominion's population.

The marquis of Lothian, ambassador-designate to the United States, said the welcome accorded by Canadians to the King and Queen had revealed to the whole world the nature of the British Commonwealth.

It revealed again, he said, that the monarchy stood for unity, independence in the individual, and national responsibility and friendship at home and abroad.

King George and Queen Elizabeth showed "courage and determination" when they undertook their visit to the New World, he added.

"I do not think it is always realized what an act of courage and determination it was for two relatively young people, having just mounted the throne, to go to quite unfamiliar conditions and face quite unknown difficulties, and never escape the most pitiless spotlight the world knows—the western spotlight," Lord Lothian said.

"Yet they never put a foot wrong, never faltered in their courtesy and friendliness and their good humor, and brought home a triumphal success."

Members of the Royal tour who attended the dinner were the Earl of Airlie, Lord Chamberlain to the Queen; Captain Michael Adeane, assistant private secretary to the King; Earl Eldon, lord-in-waiting to the King; Sir Alan Laseelles, acting private secretary to the King; Lieut.-Colonel Piers Legh and Commander E. M. C. Abel Smith, R.N., equestrian to the King; George F. Stewart, chief press liaison officer and surgeon; Captain H. E. Y. White, R.N., medical officer.

Five members of the Canadian Blesley team also attended. They were Colonel C. Basil Price of Montreal, commandant of the team; Major T. M. Sieniewicz, Halifax; Major R. S. Harrison, Toronto; Company Sergt.-Major H. Rusk, Ottawa, and Corporal M. M. Morgan, Winnipeg.

## Want Independent Policy for Canada

WINNIPEG (CP)—Instead of following Britain's foreign policy, Canada should immediately form an independent one and define the Dominion's constitutional position with regard to the Empire and other nations, declared a resolution approved last night at the fourth Canadian Youth Congress.

The congress favored steps to defend Canada's coasts, but maintained the success of Canadian rearmament depended on the Canadian government pursuing a foreign policy of collective security.

With more than 300 delegates from Canadian universities and youth organizations present, the congress considered the various angles of the Dominion's defence policy and the country's economic position. It was agreed Canada should lead the way in calling a world economic conference to discuss the lowering of custom barriers.

The concluding sessions of the five-day congress were held today.

## PATTULLO SEES EMPIRE-U.S. LINKS

Says in California  
He Would Aid Republic  
In Any Fight

STOCKTON, Calif. (AP)—Six hundred Canadian legionnaires in Stockton for their annual state convention joined with American legionnaires in a "hands across the border" theme for an Independence Day celebration which started last night and continued today.

Premier T. D. Pattullo of British Columbia said he was personally prepared to aid the United States in any fight.

Referring to King George VI as a "little boy grown up," the Premier said: "If anybody whips our little boy we'll whip them."

High officials of both legions addressed the opening dinner of the Canadians on the friendship theme.

British Consul-General P. D. Butler of San Francisco spoke for members of the British Empire Service League who did not belong to the legion in expressing friendship for British imperial army veterans.

## Lord Mount Temple Dies in London

LONDON (CP)—Baron Mount Temple, 71, who as Wilfrid William Ashley was minister of transport in the Baldwin cabinet from 1924 to 1929, died yesterday.

He was one of the foremost pro-Germans in Great Britain until last November, when he resigned the presidency of the Anglo-German fellowship, a good will organization, at the time the anti-Jewish campaign in the Reich was most severe.

He visited Chancellor Hitler on several occasions. By his first wife, a daughter of Sir Ernest Cassel, Lord Mount Temple had two daughters, one of whom was married to Lord Louis Mountbatten, great-grandson of Queen Victoria, and the other, Capt. A. S. Cunningham-Reid, member of Parliament.

## Aylmer, Que., May Ban Women's Shorts

AYLMER, Que. (CP)—Women will not walk around Aylmer's streets in shorts and slacks if Mayor Wilfrid Lavigne has his way.

"There is one thing that as chairman of the police committee I will insist upon, that women shall not walk the streets of this town in shorts and with those slacks as they call them," the mayor told the town council last night.

The mayor also declared no one should be allowed in the town park after 11 p.m. He complained that "there are loafers of both sexes sitting in the park until one or two in the morning."

He also would see to it that children observed the "curfew."

Barber poles first came into use during the Middle Ages.

## New Nazi Move In London

LONDON (CP)—Charges that German agents have been taking photographs of persons entering a London cinema now showing the film "Confessions of a Nazi Spy," for the purpose of compiling identifications of German refugees among the audience were made in the House of Commons yesterday by John Parker, Labor.

Mr. Parker said he would provide evidence to support his charges.

## New Secretary for Vancouver Mayor

Gordon Craig Named  
On Dismissal of  
Charles A. Sutherland

VANCOUVER—Gordon Craig, chauffeur to Mayor J. Lyle Telford since the latter took office, assumed the duties of private secretary to the mayor yesterday. He succeeded Charles A. Sutherland, who was summarily dismissed last Friday.

A new chauffeur has not yet been named.

Shortly before 5 p.m. Friday the mayor called Mr. Sutherland into his office and handed him a month's salary in advance and told him his services would no longer be required.

The mayor said: "I feel I must be surrounded by friends in my office."

When he became secretary to the mayor some time ago Mr. Sutherland, a veteran newspaperman, left a journalistic position.

## Convention of Deaf

TORONTO (CP)—Nearly 5,000 deaf persons from many parts of the United States and from every province in Canada will gather here next week for the 13th quadrennial convention sponsored by the National Society of the Deaf.

## H. G. Hanson Wins Golf at Duncan

DUNCAN—There were only nine entries for the men's monthly medal competition played on the golf course on Sunday, H. G. Hanson (Youbou) being the winner with a net 69, handicap 16; A. Leeming took second place with a net 70, handicap 18. The annual field day of the Cowichan Golf Club will be held on Thursday. The events will be mixed foursomes, putting, clock and ladder golf.

## May Transport Exhibit

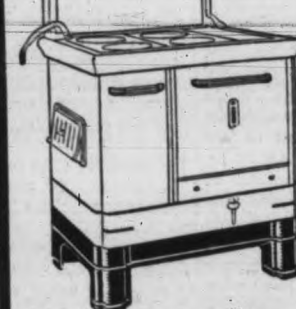

NEW YORK (CP)—Norman Yule, Southern Rhodesia's commissioner to the World's Fair here, may move the big Victoria Falls exhibit to the Canadian National Exhibition in Toronto. Southern Rhodesia closed up its exhibit at the World's Fair last week because it was located right in the midst of the giraffe shows—where the girls were little less than do primitive African natives.

## Stevens Candidate

VANCOUVER (CP)—Hon. H. Stevens, Conservative member of Parliament for Kootenay East, said yesterday he planned to allow his name to be placed before the July 8 nominating convention of the Conservative Association for Kamloops riding. The present member for Kamloops is T. J. O'Neill, Liberal.

## It Did Not Come off

FOR WHAT IT IS WORTH, A DISPATCH from Berlin today informs us that an "authorized spokesman" declares "Germany has no intention of forcing the issue" with Poland over Danzig, and "we have no desire to go against the territorial integrity of Poland; if we had wanted to let the matter come to military action we could have done so any day." With this as the reason, Nazi leaders and the controlled newspapers are scoffing at those who predicted a Nazi "putsch" in the Free City of Danzig last weekend. Meanwhile, Herr Hitler is back in Berlin, preparing for the visit of Prime Minister George Kiossevanoff of Bulgaria, and General Henry Weth, chief of the general staff of the Hungarian army.

There will be no disposition to quibble with Nazi leaders or the Nazi press in their "joke" about the "putsch" which did not come off. The issue of Danzig was not forced by Germany because the oligarchy at Berlin knew the price that Poland, Britain and France would have charged for it. This is not to argue that Herr Hitler does not intend to pursue a course against which the democracies have prepared. It is merely a reminder that a coup in the Free City has been press-agented to such an extent that to abandon the scheme now would amount to a serious confession of weakness which might have an unpleasant reaction on that section of the German people which is a little undecided in its own mind as to what it really wants. National Socialism to do. But it must be clear to Herren Hitler, Goering, and Goebbels that the stronger and more influential members of the "enriching" bloc are ready to meet any emergency which may in the least challenge their pledges and good faith.

Nor would there appear to be any special significance in the entertainment planned for Germany's visitors from Hungary and Bulgaria. The former country is now to all intents and purposes within the axis influence both economically and politically. Bulgaria's position, of course, is somewhat different from that of the other Balkan states. She is one of the powers defeated and despoiled in the Great War; and while the Balkan Entente naturally would be glad to welcome her into its ranks, she would have to join as she is—with little or no prospect of regaining territory lost as a former ally of Germany—a condition which automatically impels her to turn to the Rome-Berlin axis for support in her revision claims.

As matters stand, therefore, Germany's alleged intention not to force the issue with Poland, taken in conjunction with Hitler's return to Berlin to help to entertain his guests, would seem to suggest that, unless the unpredictable "incident" intervenes, the "Polish question" may lie more or less becalmed for the time being. And time, by the way, continues to work in behalf of the peace bloc—even if reason remains a stranger to the head of the Nazi state.

## Just a Little Patience

THERE IS ANOTHER TYPE OF NOISE-maker in Victoria besides those young bloods who take a keen delight in kicking up a hideous row when most people are contemplating an undisturbed night's sleep. He, or she, is a daytime culprit who is usually about third in a procession of automobiles obliged to halt when—as is often the case—another thoughtless driver has parked a car too near the street car tracks to admit free passage of the railway vehicle anxious to go the same way.

This person seems to have the idea that the street car conductor is either engaged in a heated controversy with a native of Borneo on the table manners of the Patagonians or has decided to have his lunch in a stationary position in the middle of a city block. The driver of the third car, sometimes the driver of first or second car, often attempts to play a tune on his noisy instrument and generally adds to the mental discomfort of individuals in nearby offices who may be adding up a column of figures or trying to discuss a business transaction without "musical" accompaniment.

Would it be asking too much of these impatient individuals that they try to understand that temporary holdups of traffic, especially in the busy hours of the day, are not usually the result of a street car conductor's prank, and, of course, not always attributable to thoughtlessness in parking? There is generally some simple explanation which becomes clear in a few seconds and normal conditions are restored.

## Change of Subject

AS A CHANGE FROM ITS DAILY DISCUSSIONS in some form or another of the "European situation" the British House of Commons is about to deal with a clause in the government's Criminal Justice Bill—a measure for substantial prison reform—which proposes to abolish the power of the courts to pass sentences of flogging, but to allow "the cat" for certain offences of violence in prison.

The protagonists in the contest are Sir Samuel Hoare, the Home Secretary and

sponsor of the bill, and Rt. Hon. Sir Hugh O'Neill, chairman of the Conservative private members' committee and chairman of the group of Unionist M.P.'s for Northern Ireland. Sir Hugh has tabled an amendment for consideration when the measure comes on for its report stage for the deletion of the clause. No less than 200 M.P.'s, all except 10 of them Conservatives, added their names in support of the amendment.

This number, it should be noted, represents more than half the strength of the Conservative membership of the House and nearly half of the government's following in the Chamber. The government has decided to leave the matter at issue to the free vote of the House, without any pressure from the ministerial whips. Sir Samuel Hoare, notwithstanding the large volume of opposition from his own party, will stand by the proposal in the bill and urge the House to reject the amendment for the omission of the abolishing clause. He will be supported by both sections of the opposition, and if he should make his attitude prevail it will be only by reliance upon Labor votes. Several of the judges of the High Court in recent years and a couple of them since the introduction of the bill have spoken in justification of flogging of men for certain offences. One recorder, at least, and one county court judge have lately pronounced strongly against flogging.

In view of the fact that the amendment in question is being sponsored by the member for the Northern Ireland constituency of Mid-Antrim it is interesting to recall that it was another Irishman, Charles Stewart Parnell, who was responsible for the abolition of flogging in the British Army, giving with his party of that day a lead to the radical M.P.'s, who ultimately supported him in his successful opposition to the continuance of the use of the "cat."

## The More to Be Cherished

WISCRACKING INTELLECTUALS are not as prone as they once were in the days when H. L. Mencken was really an iconoclast to make light of Rotary and other service clubs. The reasons are two: first, such clubs have attained a maturity and dignity which perhaps some of them lacked in their early days; second, the ideal of good will and simple friendship among men is more precious than it was, because there is so little of it.

All reports indicate that the recent international conventions of Rotary and Kiwanis were marked by dignity and sincerity that impressed all who were privileged to participate or to look on.

The fact is the ideal that personal friendships and contact between men of many lands may help lead the world back to peace is something to which men turn with a desperate eagerness in these days.

## Politely Refusing

BRITAIN'S CHANCELLOR OF THE EXCHEQUER, Sir John Simon, has declared definitely that the British government has no intention of complying with demands from Japanese spokesmen that it cease supporting Chinese currency. In this connection, it should be noted, two British banks—with the support of the government—subscribed half of a \$10,000,000 fund set up by the Chinese regime last March to support the Chinese dollar. One of the Japanese demands arising out of the Tientsin "incident" was that Britain withdraw this financial support in favor of the currency of the Japanese-dominated federal reserve bank. This is the statement made by Sir John in the House of Commons:

"I see no reason to depart from the view that the stability of Chinese currency is of great importance from the point of view of British interests and other interests which have economic and financial relations with China."

A collection of demands made on Great Britain by "Japanese spokesmen" are obviously part and parcel of the totalitarian program generally which the extremist elements at Tokyo seem to be trying out. That is their business; but they must not be surprised if the British government sees through their little game and refuses to be fooled. Britain knows, and the wiser men of Nippon know, that Japan's position in the Orient at this stage can be improved only if she listens to reason. China is giving her all the trouble she can handle—and perhaps more.

This is the season when many ways are being suggested to kill the mosquito, but the surest way is to slip up on him while he is relaxed at dinner.

## WHEAT WRANGLE AND TAXPAYER

From Financial Post  
Steps to implement the wheat measures passed by Parliament are now under way, preparatory to their enforcement in the new crop year.

Generally speaking, all parties to the wheat dispute have been defeated. The legislation which emerged from Parliament was a compromise in which the three main interested groups lost something.

The government determined to cut the cost of the wheat bonus from an estimated \$60,000,000 this year to about \$30,000,000, has had to yield to wheat group pressure to the extent of boosting the fixed price from 60 to 70 cents per bushel. Calculated upon an average crop, this may add at least \$25,000,000 to the government's wheat bill, bringing the total to about the same level as last year.

Western wheat interests—centered in the so-called Bracken committee—demanded an 80-cent price, but in the end had to take 70 cents. So that they, too, failed of complete success.

The taxpayers who will foot the bill, but who were unable to take any part in the controversy which so closely concerned their bank accounts, appear to be no better off than before the great wheat wrangle started.

## Loose Ends

By BRUCE HUTCHISON

### BENEFITS OF SCIENCE

THE CIVILIZING INFLUENCE of science becomes every day more apparent. Last week I was in a fine home when a Negro of low mentality was bashing the daylight out of an American who had very little daylight to bash, and thousands of people in the United States were watching them, having paid high for the privilege of a seat near the ringside.

Now in a less scientific age we out in Victoria would have missed entirely the glorious spectacle of the man Louis bashing the man Galento, but living as we do in this age of education and progress, we were able to hear the entire fight through the radio. But more than that, when we left the living-room to eat dinner in the dining-room, we simply picked up the new portable radio and put it on the dining table. Then we were able to eat our dinner with exquisite entertainment at our very elbows. We heard the fight blow by blow, groan by groan. It certainly stimulated our appetites.

And who can despair of an age of such progress that you can have two of the best bashers in the world right at your dinner table, when you can eat to the sound of fists landing on human flesh and digest to the sound of the sweet voice of Mr. Joe Louis, most eminent basher of them all, explaining how he has become the most highly paid artist in the world? Who, I say, can despair?

### POOR YOU

THIS COLUMN IS WRITTEN under ideal conditions, so ideal, indeed, that I am moved to a deep pity for you who are in the great city yonder, far away over the hills and forests. It is written in a little cabin in the woods beside a great stone fireplace, where some time wet fir logs are making a magnificent smoke, which pours out into my eyes. Outside are the great woods, so quiet, so solemn, so wet. I can hardly see the lake through the sheets of rain, and the drops hammer sweetly on the roof, which is none too sound, so that drops occasionally hammer on my neck also. It certainly makes me sad to think of you poor underprivileged folk in the city.

You who awoke this morning and had to shave in a tiled bathroom with hot water, where I got up and shaved in a lovely tin basin with water cold as nature intended it to be, with the icy wind off the lake whistling about my bare shoulders in the fine manly fashion of these regions. And what joy, while you are sitting gloomily before an electric toaster, to wander down a soaking trail, the branches swishing you affectionately in the face, while I gather wood for the fire!

Ah, this is the life of freedom and simple pleasure and the inspiration of the outdoors, and all the while the drip of rain down your neck and smoke from wet wood in your eyes. It certainly makes me sorry for you folks in the city this morning.

### IN A GARRET

MR. HENRY FORD has lately pronounced his credo at the World Fair in New York and he says, in brief, that political theories and economic notions don't matter much, but merely reflect and put into operation the discoveries which scientists and inventors like Mr. Ford himself have made secretly in some garret; just as the invention of the low-priced automobile by Mr. Ford revolutionized American life and the politicians and economists had to alter all their patterns and recant all their old beliefs to keep up with the march of the flivver.

Probably some other fellow like Mr. Ford, laboring somewhere in a garret or foul basement, is inventing something now which will revolutionize life again, and nothing can stop him; not all the laws of economics, all the forces of politics, all the orders of dictators. Just imagine, for instance, what would happen in the world if some inventor developed a machine for reading your mind, so that the dictators, politicians, economists, industrialists, revolutionists and reactionaries could not conceal their plans and calculations any longer. Just imagine how the world would be changed overnight if everybody knew what everybody else was going to do next. All the conspiracies of the foreign offices, all the depredations of the plutocrats, all the silly plans of the politicians would become clear and would collapse.

Just imagine what would happen if someone were to invent a machine which, in six easy treatments, would make everybody intelligent; not too intelligent but, say, as intelligent as a normal 14-year-old boy. What a world of plenty and happiness we would have if we were all 14-year-olds, if we were old enough to act intelligently. It will come some day, but probably not in our time. We are not likely to get beyond seven years old at most.

### GEMS FROM LIFE'S SCRAPBOOK

ATTAINMENT

"The greatest results in life are usually attained by simple means, and the exercise of ordinary qualities."—Sam Smiles.

"To attain peace and holiness is to recognize the divine presence and allness."—Mary Baker Eddy.

"Real knowledge, like everything else of the highest value, is not to be obtained easily. It must be worked for; studied for; and more than all, it must be prayed for."—Thomas Arnold.

"Still to ourselves in every place consigned, our own felicity, we make or find."—P. Goldsmith.

"The highest moral achievement is to so order our lives that we do right without knowing it."—Aron.

## AS I SEE IT

By ELMORE PHILPOTT

END OF BLIND ALLEY  
WHATEVER THE OUTCOME of the Tientsin blockade, it serves notice on the Anglo-Saxon world that it is the end of a chapter in the Far East. Ever since 1931 the Western powers have been retreating step by step in the face of Japanese aggression. But they can now retreat no further. They have come to the end of the blind alley. They must either fight or submit.

What is true of the Far East is also true in a larger sense of the world situation as a whole. The policy of retreat before aggression is foolish to the point of insanity. It can lead only to larger and larger disaster. The slower the world is in facing this unpleasant fact, the greater is the danger.

The failure of the Japanese war lords to subjugate the people in the Chinese territory they have overrun has made them desperate in their determination to compel foreign interests in China to line up behind Japan rather than behind China in the economic struggle that is now taking place. The selection of Tientsin as the place for the showdown indicates that the Japanese campaign is being carried out with cold-blooded calculation. There is no spot on the map more favorable to the Japanese from the standpoint of strategy.

In my opinion Japan can laugh at the threat of the use of force by the British alone. All the combined force of the British Empire and the United States would be insufficient to carry the military struggle into Japanese-dominated territory unless those two powers had the active help of Soviet Russia.

But what is within the immediate power of Britain and the United States is a complete embargo on trade with Japan. The longer the two English-speaking governments hesitate to make up their minds what they are going to do about it, the worse for their own ultimate interests.

The Japanese generals are hard-boiled. If they are allowed to get away with their ruthless bullying at Tientsin, they will systematically extend the process to every other foreign settlement in China. Nothing will stop them except the one thing that they understand—force, or the threat of force, or direct economic pressure.

Britain and the United States hold all the trump cards between them in the Far East. If they have courage enough to tell Japan that they will clamp down a complete blockade on all trade with her unless she ceases her own attempts at local blockades the whole situation will change overnight.

### THE RUIN OF SPAIN

From Yorkshire Post

General Franco must view with mixed feelings the sadistic regrets of the ally to whom he owes his conquest. The devastation may be insufficient for Italy, but it is more than sufficient for the Spaniards, who are now suffering its terrible consequences, and bitter sweet even for Franco. The Times on May 19—the day of the "victory march"—published an account of the devastation in Spain which should have satisfied the most vehement upholder of Fascist law and order. Towns which have escaped complete destruction present a picture of closed shops, bread queues, trees uprooted for firewood, great gaps where houses have disappeared, with their neighbors twisted and dishevelled, everything covered with dust, the money and material for reconstruction completely lacking. All the great educational achievements of the republic are blown to the winds, since the large majority of the university professors and schoolmasters were Republican supporters and are now either in exile or in jail.

### UNDER DIFFICULTIES

From Winnipeg Tribune

During the past year or two there has been a great awakening among the public generally on the subject of national defence, and Parliament has almost doubled last year's defence appropriation. This increased vote, however, has not materially improved the conditions under which the militia has been laboring for several years. A large part of the increased vote is earmarked for equipment orders which cannot be filled within the next two or three years.

### Parallel Thoughts

For whoever will save his life shall lose it; and whoever will lose his life for my sake shall find it.—Matthew 16:25.

Their blood is shed in confirmation of the noblest claim—the claim to feed upon immortal truth, to walk with God and be divinely free.—Cowper.

## Printers Hold Annual Picnic

Allied Printing Trades Council Outing at Deep Cove Enjoyed

Some 300 members of the Victoria Allied Printing Trades Council, their wives, families and friends, enjoyed the annual picnic held at the Chalet, Deep Cove, on Saturday. Good weather and a congenial crowd made the picnic one of the best ever staged by the Council.

A 15-event program of races for young and old was held during the afternoon with feature event of the day—a softball game between a team from paper supply houses and job printers and the Colonist and Times in the evening. The newspapermen went down to a 7 to 6 defeat in the contest that was not decided until the last half of the ninth inning. The winners were presented the Poodle Dog Cup and the Paper Supply Trophy for the year.

Identification tags were presented the picnicers and the children received candy, ice cream and soft drinks.

The committee in charge of the picnic was under the chairmanship of Nick Robertson. The judges for the races were: J. D. Davidson, T. Nute Sr., and W. W. Laing. Ben McKeever and Steve Russell were in charge of the sports. The handicappers and starters were Will Johnson and Bill Surken. Fred Emery looked after transportation. The fire and water question was attended to by Bill Johnston and Ernie Powell and Bill Clunk was in charge of the tombola.

## FILM LECTURE ON NEW ZEALAND

"The New Zealand Labor government has in four years absolutely ended unemployment, and they now have to import workers at the rate of 400 per week from Australia," stated Harry Archibald of Vancouver, commentator with the film "History in the Making" shown at Keating.

"The general minimum wage is 16 shillings or about \$4 per day, and the five-day week is general," Mr. Archibald said. "The sick and elderly have pensions which provide a comfortable standard of living. Almost every worker belongs to a trade union. The people of New Zealand actually have the highest standard of

living in the world today," he said. The film was the first New Zealand picture shown on Vancouver Island and illustrates the modern machinery on public works projects, the extensive erection of new houses, and modern methods in schools.

Mr. Archibald declared that the program of the New Zealand Labor Party was identical with the C.C.F. in Canada.

A film, "Heart of Vancouver," showing housing conditions in Vancouver, where only 37 per cent of the homes had adequate plumbing, was also shown.

Colin Cameron, M.P.P., declared that in Canada even more could be done than was being done in New Zealand because of greater natural resources.

## CALL THIRTEEN TO BAR YESTERDAY

Thirteen students were called to the bar yesterday, 11 of them also being admitted as solicitors, in a ceremony before Mr. Justice H. B. Robertson in the Supreme Court.

Lindley Crease, K.C., presented the men, remarking on the fact nine were native sons of British Columbia, two sons of judges and one a former member of the Nova Scotia bench.

"You are members of a most honorable profession and it lies with you younger men to see that the dignity of that profession is maintained," Mr. Justice Robertson said, following his welcome.

He impressed upon the new barristers the necessity of keeping a proper appearance in court and urged them to take an active interest in public affairs, such as politics, municipal affairs or charitable institutions. He also expressed gratification over the number of British Columbia men in the group.

Called and admitted were: Archibald James Thompson, Donald McGillivray Clark, Peter Douglas O'Brien, Peter Clayton Stewart, Allan William Mercer, John Patrick Berry, Gordon Ladner Draeske and Herbert Richmond Barclay, all of Vancouver; Reginald Melvor Barry Roome, Trail; Walter Lloyd Hutton, Alberta; and Phillip Henry Wilson, Alberta; James Tudor Jackson, Ontario; and William Angus Livingstone, Halifax, former jurist, were called.

## TOUGH FOR SANTA

AUCKLAND, N.Z. (CP)—Santa Clause will find his style cramped in New Zealand next Christmas by the import restrictions on toys from Great Britain and Canada. Canadian toy imports are down 80 per cent.

## GUNNERS HERE FROM VANCOUVER

Two Batteries Under Canvas at Fort Macaulay; Three Others to Follow

Nearly 150 gunners from Vancouver got down to work yesterday morning at the start of two weeks' training in coast defence and anti-aircraft work at Fort Macaulay, Esquimalt.

An equal number will arrive July 15, to follow them under canvas.

Two batteries of the 15th (B.C.) Coast Brigade, Royal Canadian Artillery, and the 58th Heavy Battery and the 9th Anti-aircraft Battery, recently converted from the 68th Heavy Battery, are at present in camp at the fort. Three other batteries—the 31st and 85th heavy and the 5th medium, will be here for the second half of the month.

The first contingent arrived from Vancouver Sunday afternoon. They were inspected before their departure by Major G. Y. L. Crossley, officer commanding the 15th Brigade.

It is understood the units may carry out some actual firing practice from the fort this week, although the training is not expected to reach its noisiest stage until next week.

## Dahlia Show Will Feature Fall Fair

Assuring a complete change in floral exhibits during the week of the 78th annual exhibition of the B.C. Agricultural Association, the Victoria Dahlia Society will hold its ninth annual dahlia show September 13.

The floral department of the fair will be housed in the Main Building at the Willows and will feature displays by garden societies, women's institute and service clubs, in addition to non-competitive exhibits from commercial firms and the parks board.

An aggregate of \$419 in cash awards will be offered in this division of the show, \$57 of which has been appropriated to the dahlia show for prizes.

Awards will be given in the main floral department for asters, roses, gladioli, lily, chrysanthemums, dahlias, begonias, geraniums, ferns, palms, petunias, fuchsias, coleus, pansies, violas, larkspur, gaildais, nasturtiums, sweet peas, pentstemons, phlox, marguerites, carnations, salpiglossis, antirrhinum, cosmos, scabiosa, sweet sultans, marigolds, calendulas, delphiniums, michaelmas daisies, montbretia, zinnias and cut perennials.

## 25 Years Ago

JULY 4, 1914 (From The Times Files) University School held its annual prize giving yesterday. The Bishop of Columbia and Mrs. Roper presented the pupils with their prizes.

A. P. Blyth, local optometrist, is back in the city after a stay in the east, where he has taken his degree at the Illinois College of Ophthalmology. After his return, Mr. Blyth strongly advised legislative regulation of the practice of optometry in the province.

The plans and papers for the construction of the Johnson Street bridge are ready for the City Council. They will probably be discussed next week by the aldermen before slight changes are made and the actual work is begun.

Fairfield Road owners were warned today that if the city undertakes to pave the road, as requested in a petition sent to the council by residents of that district, the assessment will be considerably higher and the residents will have a higher tax rate. The matter was laid aside pending the decision of the ratepayers.

## Extra Butter For Jobless

Special vouchers for extra butter will be distributed among families receiving relief from the city during the next two weeks, E. G. Snowden, city welfare officer, announced yesterday.

Those securing the vouchers will be allowed one pound free for each pound they purchase from their regular allowances. Vouchers will be distributed by the office to recipients only on the days on which they regularly receive their relief. Decision to follow that policy was reached to avoid confusion in the office.

The allocation for the Victoria welfare office has been set by the government at 5,070 pounds. Distribution started today. Only family units will be given vouchers.

Youth Aid HALIFAX—The Nova Scotia government will spend \$30,000 this year on reforestation work as an aid to unemployed youths.

## Horticulturists Plan Busy Month

The July meeting of the Victoria Horticultural Society will be held this evening at 8 in the council chamber of the City Hall, when A. Hourston of the Department of Agriculture will show moving pictures of wild flowers.

The monthly competition will be floral, three spikes of delphiniums and fruit, one plate of raspberries.

The society is now busy with plans for its annual summer show at the Crystal Garden on July 26 and 27.

Members of the society will shortly visit the famous gardens of Mr. and Mrs. R. M. Palmer and Miss Palmer of Cobble Hill. The lilies this month will be at their best.

Plans are being made for a picnic at the Dominion Government Experimental Farm near Sidney on August 19.

## Struan Robertson Given Appointment

Victorian Will Explain Credit Union Act to Interior Residents

Struan Robertson of Victoria has been appointed by the government to tour the province as economics adviser to J. Pitcairn Hogg, legislative counsel, to explain operation of the Credit Union Act, passed at the last session of the Legislature.

Mr. Robertson and Mr. Hogg will be away three or four weeks, Attorney-General Wismer said. They will talk on the act to farmers, laborers and industrial employees in the interior of the province.

Following a notable career in educational circles in Victoria and Vancouver, Mr. Robertson in the fall will attend the University of California at Berkeley, with a teaching fellowship in economics. He graduated this year from the University of British Columbia with his bachelor of arts degree.

Born in Victoria, he is a son of Mr. and Mrs. B. L. Robertson, 515 Cook Street, and a member of a well-known family which established the first British tea exporting firm in China many years ago.

Births registered in British Columbia during May, 1939, totaled 985, a big drop from 1,128 recorded in the same month last year, according to the monthly reports of the British Columbia Department of Health issued here today. Deaths numbered 601, against 584, and marriages 498 compared to 414.

A summary of births, deaths and marriages in the larger cities of the province follows: Vancouver 349 births, 238 deaths and 259 marriages; Victoria 68, 67 and 33; New Westminster 69, 32 and 21; North Vancouver 15, 4 and 2; Nelson 19, 5 and 8; Trail 23, 2 and 4; Revelstoke 7, 3 and 2; Rossland 10 births and 2 marriages; Grand Forks 4, 4 and 2; Kelowna 19, 4 and 6; Vernon 15, 9 and 8; Chilliwack 1, 4 and 2; Courtenay 1 birth and 3 marriages; Cumberland 11 births and 1 death; Duncan 14, 3 and 2; Ladysmith 4, 1 and 2; Nanaimo, 20, 7 and 14; Port Alberni 15, 5 and 2; Kamloops 9, 6 and 9; Prince George 8, 6 and 5; Prince Rupert 3 and 6.

## Fewer Births in B.C. During May

Births registered in British Columbia during May, 1939, totaled 985, a big drop from 1,128 recorded in the same month last year, according to the monthly reports of the British Columbia Department of Health issued here today. Deaths numbered 601, against 584, and marriages 498 compared to 414.

A summary of births, deaths and marriages in the larger cities of the province follows: Vancouver 349 births, 238 deaths and 259 marriages; Victoria 68, 67 and 33; New Westminster 69, 32 and 21; North Vancouver 15, 4 and 2; Nelson 19, 5 and 8; Trail 23, 2 and 4; Revelstoke 7, 3 and 2; Rossland 10 births and 2 marriages; Grand Forks 4, 4 and 2; Kelowna 19, 4 and 6; Vernon 15, 9 and 8; Chilliwack 1, 4 and 2; Courtenay 1 birth and 3 marriages; Cumberland 11 births and 1 death; Duncan 14, 3 and 2; Ladysmith 4, 1 and 2; Nanaimo, 20, 7 and 14; Port Alberni 15, 5 and 2; Kamloops 9, 6 and 9; Prince George 8, 6 and 5; Prince Rupert 3 and 6.

Deaths from notifiable diseases reported to the British Columbia Department of Health during the weeks ending June 3 to June 24 totaled 1,011, as follows: Influenza 325, chickenpox 203, whooping-cough 186, tuberculosis 112, cancer 102, measles 62, scarlet fever 38, pneumonia 30, mumps 27, septic sore throat 8, erysipelas 6, conjunctivitis 3, typhoid fever 3, streptococcal throat 2, German measles 2, diphtheria 1, encephalitis 1, tick paralysis 1 and undulant fever 1.

Deaths from notifiable diseases in British Columbia during May numbered 67, as follows: Tuberculosis 25, influenza 22, pneumonia 15, botulism 1, dysentery 1, poliomyelitis 1, puerperal septicemia 1 and septic sore throat 1.

Deaths from special classes of diseases were: Children under one year of age 26; motor accidents 8 and puerperal deaths 3.

## Many Influenza Deaths in May

New cases of notifiable diseases reported to the British Columbia Department of Health during the weeks ending June 3 to June 24 totaled 1,011, as follows: Influenza 325, chickenpox 203, whooping-cough 186, tuberculosis 112, cancer 102, measles 62, scarlet fever 38, pneumonia 30, mumps 27, septic sore throat 8, erysipelas 6, conjunctivitis 3, typhoid fever 3, streptococcal throat 2, German measles 2, diphtheria 1, encephalitis 1, tick paralysis 1 and undulant fever 1.

Deaths from notifiable diseases in British Columbia during May numbered 67, as follows: Tuberculosis 25, influenza 22, pneumonia 15, botulism 1, dysentery 1, poliomyelitis 1, puerperal septicemia 1 and septic sore throat 1.

Deaths from special classes of diseases were: Children under one year of age 26; motor accidents 8 and puerperal deaths 3.

The City Council will meet in franchise committee at 3 on Friday afternoon, Mayor Andrew McGavin stated today. The meeting has been called to secure action on the transportation, power and light rate and allied questions. At the session the mayor and aldermen will probably debate costs of an application to the provincial utilities commission for a survey of power and light rates charged locally. Certain obligations under such an application are in dispute.

# July Sale Specials

BIG VALUES WEDNESDAY MORNING

A SPECIAL GROUP OF DRESSES \$5.00

Regular to \$15.95

## Sooke

SOOKE—The Women's Auxiliary of Holy Trinity Church held a most successful garden party at Woodside Farm last Wednesday afternoon. Attractions included bowling and box golf, and tea was served in the grounds. The winner of a cake competition was Mrs. W. Shields, and golf prizes were won by Mrs. R. Soule and P. W. de P. Taylor. Other prizes were won by Mrs. M. Aus-

tin, Gerald Robertson and Mrs. W. Charters. The members in charge were Mrs. W. Locke, Mrs. G. Throup, Mrs. E. Porteous, Mrs. J. Wilkinson and Mrs. M. Robertson.

Forty people sat down to supper, which was cooked and served by the Sooke Girl Guides in the Guide pavilion Thursday evening for the purpose of raising funds for camping. The sum of \$20 was realized. Miss Zara Pike was the general convener. Following supper, additional people arrived and bridge was played, the bridge winners being Mrs. J. Cogswell and Capt. J. Colthurst. Dancing was enjoyed on the veranda. A competition was won by Mrs. G. H. Jones.

Too Heavy to Lift SIMLA, India—Welding rails as a safeguard against sabotage of railroads is being tried here, rail lengths being increased from 36 feet to 120 feet.

Curriculum Revised FREDERICTON—A new curriculum for grades one to six will be made effective in the next academic year by the New Brunswick Board of Education. High School entrance examinations will be abolished and physical education will be included in the new curriculum.

Springtail insects leap through the air by means of their spring-like tails.

## Skilled Weavers Display Work

Lovely Specimens Being Shown At Empress Hotel

Individual, creative work has a never-failing appeal in these days of mass production by machinery, and lovers of craftsmanship are finding much to interest them in the admirable exhibition being staged at the Empress Hotel by the Weavers' Guild of the Victoria Women's Institute. The exhibition will close tomorrow evening at 10.

For some years this little band of amateur enthusiasts have been working steadily, often in the face of great odds, to bring about a revival of the cottage industries of hand-spinning and weaving, the transforming of the natural products of British Columbia into articles not only valuable from the standpoint of artistry but also of lasting wearing quality.

The measure of their success may be judged by the wide variety of exhibits in the comprehensive display collected by Mrs. J. L. White, Guild president, and her co-workers. In addition to a number of fine displays from weavers as far afield as California and Quebec, Victoria and the islands are well represented. Two Mexican serapes loaned by Mr. P. deN. Walker, made a vivid mural hanging.

Mrs. H. G. Scott of Hope Bay, North Pender Island, has woven some beautiful materials. Mrs. F. S. Sutherland of North Pender Island, is showing bags and belts of charming design. Mrs. D. M. McGregor has designed an original beach bag. Mrs. Shipley of Salt Spring Island, has some specially beautiful materials, suitable for coats. Miss Hill's "crackle weave" is interesting. Mrs. W. F. Howell has some attractive bags and scarves.

Mrs. Thbs Jones of Patricia Bay, is showing examples of Swedish weaving done in Sweden, among which is a footstool owned by Mrs. Morgan of Patricia Bay, and a beautiful old shawl woven over 100 years ago by Mrs. Jones' great-grandmother. Miss E. Ravenhill, Mrs. J. B. Green of Duncan; Mrs. A. Morris and Mrs. M. C. Findlay are others in the Island group whose work is noteworthy.

Among the Victoria weavers, Mrs. C. Houlgate's cushions attract attention; Miss Kneivitt's belts, Mrs. Austin's Tyrolean belts, gay and attractive, are all included in the collection. Mrs. Flight is showing some beautiful linen weaving.

Among the demonstrations at the exhibition is one of Chenille rug making by Miss Marjorie Hill, and woven belts by Mrs. W. Coulter.

## PUPILS' PIANO RECITAL

Pupils of Mrs. Allen Sangster gave a piano recital in St. Martin's Hall. A large audience, composed of parents and friends, listened with the keenest interest to the work of the pupils. Many tiny tots made their first appearance, and advanced pupils showed a high standard of training.

The following took part in an excellent program: Beulah O'Neill, Anita Goodman, Lawrence Homer, Vera Graham, Norma Simons, Patricia Smith, Nellie Martin, Joyce Howard, Eileen Gardiner, Mary McGregor and Audrey Goodman. Two selections were also played by Mrs. Sangster.

Mr. and Mrs. Gordon Halkett caught in an informal pose by the cameraman as they left the Metropolitan United Church after their wedding yesterday afternoon. The bride was Miss June Scurrah, daughter of Mr. and Mrs. P. B. Scurrah.

## SOCIAL and PERSONAL

Mrs. Harry Eagleson of Vancouver is visiting her brother, Mr. Frank Davey, Austin Avenue.

Mrs. D. B. McPherson is visiting her nieces in Vancouver, Mrs. Anderson, Mrs. McKay, Mrs. Whitworth and Mrs. Levings.

Miss K. Scanlon of Vancouver, formerly of Victoria, has left for the mainland after visiting here for a couple of weeks.

Mrs. Don Cameron has arrived from her home in Stockton, Cal., and is the guest of Mr. and Mrs. G. M. Tripp, Yale Street.

Miss Christine McKinnon of Cumberland and Miss Rosina McStay of Merritt arrived this morning and are the guests of Miss Eunice Allen, Fell Street.

Mr. and Mrs. Sephton and daughter, Irene, of Calgary, are visiting friends for the next two months, and are the guests of Miss Lillian Smith, Esquimalt.

Mrs. F. W. Vincent, Crescent Road, has returned home after visiting her son-in-law and daughter, Dr. and Mrs. Philip Ehrenstrom in Seattle.

Mr. and Mrs. Bryce Evans will arrive shortly from Toronto to take up residence in Vancouver for the summer. Mrs. Evans was the former Miss Daphne Allan.

Mrs. C. W. Lampkin of London, Ontario, left today for the east after spending the last month with her mother, Mrs. A. M. Aitken, Linden Avenue.

Miss Dora Peterson of Flin Flon, who has been visiting Senator R. F. Green and Mrs. Green, Rupert Street, has left for Seattle, en route home.

Mrs. W. G. Neish left today for Montreal after spending a few weeks here with her mother, Mrs. J. H. A. Davidson, Rockland Avenue.

Mr. and Mrs. Clive Phillips Woolley of Montreal, who have been visiting the latter's grandmother, Mrs. E. W. MacLean, in Vancouver, have come over to Duncan to spend a few weeks.

Mr. and Mrs. Scott Watson and their son, Robert, of Revelstoke, are spending a short time with Mr. Watson's mother, Mrs. R. R. Watson, Hampshire Road, Oak Bay.

Miss Ella Ferguson, who is teaching at Quesnel, arrived this morning to spend her summer vacation with her parents, Mr. and Mrs. Charles Ferguson, Linden Avenue.

Miss Eva Bird has returned to Victoria after visiting Miss Barbara Hutchings in Duncan, and is again the guest of the Misses Bertha and June Burnett, Hood Lane.

Mr. and Mrs. A. A. Hopp, accompanied by their daughters, Denelda and June, and Mr. Hopp's brother, Mr. Harold Hopp, all of Hammond, Indiana, are spending a few days with Mr. and Mrs. J. C. Hodgson, Glasgow Avenue.

The Girls' Friendly Society will hold a silver tea tomorrow afternoon from 3 till 6 at The Deanery, 930 Burdett Avenue.

Mr. George A. Bucklin, formerly U.S. consul here, and Mrs. Bucklin, who are now making their home in Berkeley, Cal., are spending some weeks in the city as the guests of their son-in-law and daughter, Mr. and Mrs. Reginald Hammond, Monterey Avenue.

Honoring Miss Lauretta McCall, a July bride-elect, the members of First United Church choir, of which Miss McCall is a faithful and valued member, held a farewell social hour recently after the regular practice. On behalf of the choir and following a short message of thanks for her services and hearty good wishes for a happy future, Miss Mae Simpson, president, presented Miss McCall with a handsome cream and sugar set accompanied by a pretty corsage of sweetheart and Taisman roses, and also a card which was personally autographed by each member.

Miss Pearl Chisholm, whose marriage to Mr. G. Todd Noble will take place tomorrow, was the guest of honor when Mrs. Robert Noble Jr., entertained recently at a tea and grocery shower at her home on Connor Lane. Upon her arrival, Miss Chisholm was given a corsage bouquet of pink carnations and mock orange blossoms by Master R. Noble. Later, Master Glen Atkinson drew in a wagon loaded with useful gifts, and presented

## Weddings

### GREENWELL-JOHNSTONE

Of interest to the bride's many friends here was the wedding which took place in St. Martin's Church, Rolla, B.C., on June 29, at 3 p.m., of Evelyn, youngest daughter of Mrs. D. E. Johnston, "The Abbey," Quadra Street, Victoria, and Mr. George Thomas Greenwell of Doe River, B.C., elder son of Mr. and Mrs. Thomas Greenwell, South Wellington, V.I. Canon T. D. Proctor officiated, assisted by Rev. A. Scott.

The bride was given in marriage by Mr. Peter McLellan, of Rolla, and wore a full floor-length gown of peach chiffon, the bodice being gathered and made with a V-neckline. A peach taffeta bolero and a lace picture hat, with matching bow, completed her charming toilette.

She was attended by Miss Maxine Fraser, who wore a pink printed lawn dress, made with a ruffled skirt, and carried a basket of pink roses and ferns. Mr. Pat Dixon, of Carpio, B.C., was best man. The "Bridal Chorus" from "Lohengrin," and the "Wedding March" (Mendelssohn) were played by Mrs. William Shearer during the ceremony.

After the service the wedding supper was served at the home of Mr. and Mrs. Hugh Fraser, Doe River. The table was centred by a two-tier wedding cake and arranged with vases of roses and ferns. In the evening a large reception was held in the schoolroom, where dancing was enjoyed.

Mr. and Mrs. Greenwell left for a honeymoon in Kingston, Ont., where the bridegroom is attending summer school at Queen's University, the bride travelling in a smart sports outfit of cream skirt, plaid jacket, white hat and accessories.

### Ballet Dancing To Be Theme of Lecture Tour

LONDON (CP) — Audrey Butterworth, general organizer of the Royal Academy of Dancing in London, is going to Canada next September in the hope of arousing greater interest in ballet dancing.

Miss Butterworth is to give lectures in Vancouver, Winnipeg, Toronto and Montreal. The physical training department of the Vancouver board of education has asked her to lecture for it and she expects to be there almost a week.

Miss Butterworth expects to be in Vancouver September 18.

### Animal Head Buttons

PARIS — Tinsel reindeer and hens' heads for coat buttons, duck heads and goslings (not real) fashioned in fasteners, are novelties in the accessory shops.

them to the bride-to-be for her pantry. Mrs. J. Noble and Mrs. M. Atkinson presided at the tea table, for which roses and sweet peas in pastel shades, in a silver rose bowl, formed a fragrant centerpiece. Miss B. Hall assisted her hostess in serving. The guests were: Mesdames R. Noble Sr., T. Muckle, W. White, E. McDonald (Port Alberni), C. Logan, R. Chisholm, T. E. Le Vasseur (Nelson), J. Moraes, J. Noble, J. Williams, M. Atkinson, R. Elves, F. Kennedy, Misses P. and K. Muckle, B. Hall, Masters Glen Atkinson, Keith Williams, R. Noble and Baby Heather McDonald.

Miss Pearl Chisholm, whose marriage to Mr. G. Todd Noble will take place tomorrow, was the guest of honor when Mrs. Robert Noble Jr., entertained recently at a tea and grocery shower at her home on Connor Lane. Upon her arrival, Miss Chisholm was given a corsage bouquet of pink carnations and mock orange blossoms by Master R. Noble. ## Juniors Organize To Aid Orphans

New Auxiliary to Hillside Home Marks Birthdays

The newly-formed Junior Auxiliary to the Protestant Orphans' Home is doing much-appreciated work, and recently called at the Home and brought gifts for the children whose birthdays were celebrated last month.

The outstanding event of last month was the visit of His Honor the Lieutenant-Governor and Mrs. Hamber to the Home, where they were entertained at luncheon by the board of managers, the ladies' committee and staff, afterwards inspecting the Home and being royally welcomed by the children.

Reference to these happenings was recorded in the reports presented at the monthly meeting of the ladies' committee yesterday. Mrs. F. V. Longstaff, the president, was in the chair and the following members present: Mesdames Dillabough, Redman, Dinsmore, Luney, Sherwood, Cox, Simpson and the Misses Murray and Newbury.

An electric serving machine was purchased with the money donated by Miss Mona Jewell from her recent June 19, which will be a great help in the Home.

The children attended the Sunday school picnic at the Experimental Farm on July 1 and had a jolly time.

Miss Murray and Miss Newbury will visit the Home for this month.

## Organists' Guild Honors Galliford

Ian A. Galliford, who has been elected to the American Guild of Organists, has returned from Portland after winning an academic standing in that body as an associate.

Last year he was elected to membership in the guild on nomination of the Oregon State Chapter, and on passing the examinations last month, became one of the youngest to hold a guild degree.

Mr. Galliford is to give a recital in Portland in the autumn and will be honored at that time with a reception by the Oregon chapter.

## Centenarians Thrived On Hard Living

LONDON (CP) — Three women centenarians are in the public prints. Mrs. Jane Hatcher of Ramsey, Hampshire, 101, and eldest of the three, has just been made a member of the Centenarians' Club. She wrote to the secretary: "I make no secret about the reason of my longevity. I have always worked and lived hard and minded my own business."

Mrs. Hatcher raised a family of 12 on her husband's wages of \$5 a week and has outlived her husband and seven of her children, her husband by 30 years.

Mrs. Sarah Perkin of Newton Adamston, Staffordshire, and Miss Emma Sarah Cousins of Southsea, Hampshire, reached 100 on the same day. Mrs. Perkin had nearly 80 descendants at her birthday party which took place on the village green. She regards fresh air and hard work as the secret of her long life.

There is no standard size or weight for a bar of silver, but generally it approximates the size of an ordinary building brick.

## Lady Barnard's To Be Scene of I.O.D.E. Fete

Mrs. K. C. Symons, municipal regent, will perform the opening ceremony at the garden party to be held at Lady Barnard's home, Sea Terrace, Esquimalt, tomorrow afternoon under the auspices of the Mary Croft Esquimalt Chapter I.O.D.E.

The gardens are unusually lovely and varied in character, and in addition to tea, which will be served in the rose garden, there will be stalls and garden games and other amusements. Mrs. J. T. Jones, the regent, is general convener.

## Clubwomen's News

Victoria Purple Star Lodge L.O.B.A. 104 will meet Wednesday at 8 o'clock for regular business. A shower will be held for housewife for the garden party.

The Ministering Circle of the King's Daughters will hold their annual outing at the summer home of Mrs. Peter Sharp, Cordova Bay, on Friday; members are asked to take the 10 a.m. bus.

Officers and team of Princess Patricia Lodge No. 238, Daughters of St. George, will meet for practice at 2 on Wednesday next in the K. of C. Hall. Next meeting to be held on Friday, July 7, at 8. Initiation will take place and members are reminded to bring refreshments.

## IT'S A SWELL WORLD! PIMPLES GONE

A clear, fresh-looking skin sure does wonders for a fellow's self-confidence and popularity! Cuticura is the usually reliable way to help yourself to a fine-looking skin. Cuticura Ointment helps relieve pimples, blackheads and other unsightly, externally caused blemishes — promotes quick healing. Fragrant, mildly medicated Cuticura Soap thoroughly cleanses. Buy Cuticura Soap and Ointment at your druggist's. Each 25c.

NEW METHOD

**"HUMAN FEELING STILL MOST POTENT FORCE," DECLARES HIS MAJESTY**—An official welcome was extended King George and Queen Elizabeth by the Corporation of London the day after their majesties arrived in the empire's capital after their triumphant North American tour. The welcome was extended in the form of a luncheon. The King and Queen, the Lord Mayor, the Lady Mayoress and Queen Mother Mary are shown about to say grace before sitting down to luncheon. In civic luncheon. The King said the journey had convinced him that human feeling was still the most potent of all forces affecting world affairs. "It was a momentous and happy experience," he said in the speech broadcast throughout the world.

## Laws Extended On Pre-marital Health

CHICAGO (CP)—Bills to make premarital medical examinations mandatory were considered by 22 state legislatures during current sessions, but in only six states were such proposals enacted into law.

North Carolina legislature passed a stringent law, requiring a blood test within seven days of the issuance of the marriage license. Scattered reports showed marriage licenses issued had dropped 50 per cent or more since the law was passed.

Under terms of the bill approved in Indiana, circuit court clerks are prohibited from issuing marriage licenses unless both applicants furnish a physician's statement that they have been examined for venereal disease. The law becomes effective March 1, 1940. Tennessee made its law effective in 1941.

South Dakota, Colorado and Pennsylvania enacted premarital examinations laws, and like legislation is pending in the legislatures of Massachusetts, Alabama and South Carolina. Michigan's law was amended to require blood tests 30 days previous to marriage instead of 15 days.

## Mrs. W. Ord Conducts Summer Classes

Summer classes will be conducted by Mrs. Wilfrid Ord this month.

Two of the courses are those in choral speaking and voice production. The former will give the theory and practice of the latest method for improving the quality of the speaking voice and developing the power of interpretation. The latter will demonstrate the training of the singing voice without injurious strain, with special attention to the development of pure tone, perfect English and German diction and expressive interpretation. Mrs. Ord is a trained teacher, with exacting qualifications, training and experience. She is a Fellow of Trinity College of Music, London, an associate of the Toronto Conservatory of Music, (special diploma) and a Member of the Royal Society of Teachers, London, England.

**Brains Not Bullets**  
**POPLAR BLUFF**—Appointed to succeed her late husband as police chief of this Missouri town of 11,000 people, Mrs. Josephine Davis has decided quick wits are needed for her job, not sharp-shooting, and she won't carry a gun.

**Cape's Air Girls**  
**CAPETOWN**—For months 300 young women have attended weekly classes of the South African Women's Aviation Association—a feature of the Union's training of auxiliary corps for defence.

**LONDON**—Miss Florence White, leader of 150,000 British spinners campaigning for pensions at 55, had a birthday June 11 when she admitted she was over 17, but positively declined to say how much.

## Recognition by Labor

SYDNEY (CP)—Women have been admitted to the annual conferences of the Heffron Labor Council, after a long struggle for recognition by the Labor Women's Advisory Council.

## Catholic Scholarship Of \$1,000 Awarded

WINNIPEG (CP)—A \$1,000 scholarship, payable over two years, was awarded Miss Rose Marie Boileau, B.A., of Edmonton by the Catholic Women's League of Canada in convention here.

An autograph photograph of Pope Pius XII stood on the speaker's table in the convention hall Friday. It was brought from Rome by Archbishop A. A. Sinott of Winnipeg, who received it from His Holiness for presentation to the league. It bears the inscription: "With all our hearts we bless the Catholic Women's League of Canada."

Mrs. M. T. Hay, Regina, was re-elected president. It was decided to hold the 1940 convention at Saint John, N.B. Other officers elected include Miss Ann Macmaster, Vancouver, fourth vice-president.

**St. Paul's Anglican Church** schools, Esquimalt, will hold their annual picnic on Saturday afternoon next. Buses will leave the parish hall at 1.30.

## World 'Jamboree' For Girl Guides

Near Budapest This Month; Girls From 32 Nations

LONDON—Preparations for the first Girl Guides' Jamboree, to be held at Godollo, about 15 miles from Budapest, Hungary, are now in full swing.

This international camp—the largest of its kind—will be held from July 25 to August 7. It will be on a similar scale to a Boy Scout Jamboree, because it was thought that the Girl Guides should have a Jamboree of their own.

The name "Pax-Ting" was chosen because "Ting" is the Scandinavian word for Parliament. As "Pax" of course means "peace" what more appropriate title could be chosen than "Peace Parliament"?

Pax is also the name of the home of the Chief Scout and Chief Guide, Lord and Lady Baden Powell.

Archduchess Anna of Hapsburg, Chief Girl Guide in Hungary, has stated that delegates representing 32 nations from all over the world are attending the gathering, preparations for which have been going on for two years.

The Guides' camp will accommodate 6,000 girls and will be

divided into eight sections. A contingent of about 200 British Girl Guides will attend the camp.

## BEAUTIFUL SETTING

They will certainly be thrilled with Godollo which is a little country town about 17 1/2 miles from Budapest, set in the beauty of the mountains of Buda and the picturesque forests all round.

Godollo itself is famous for its 18th century castle which was used by the Kings of Hungary between 1867 and 1918 and is now the summer residence of the Regent, Admiral Horthy. It is in the park of this castle that the camp will be held.

Among the friendly arrangements made is the provision of a "Sister" for each contingent who will act as interpreter and share the life of the girls in her care.

Special stamps are also to be issued in Hungary commemorating the Jamboree.

## No More Weddings At Gretna Green

British Parliament Passes Bill to End Old Custom

LONDON (CP)—The House of Commons rang the death knell last night at Gretna Green marriages, ending an old romantic tradition which united runaway lovers by informal bonds of matrimony just across the Scottish border.

The House passed in third reading its Scottish Marriages Bill abolishing the Gretna Green marriages and "similar irregular marriages" and sent it to the House of Lords.

Tradition invariably resulted in the Gretna Green blacksmith performing the unorthodox ceremony by which the lovers had

only to declare in the presence of witnesses their wish to be married to become so in fact. The blacksmith will no longer enjoy this special privilege.

Between 1926 and 1935 nearly 2,300 unorthodox marriages were performed at Gretna Green, which is the first town across the Scottish border, 9 1/2 miles north-west of Carlisle.

LONDON—Six men M.P.s spoke at a meeting in support of pensions for spinsters over 55 when Leader Florence White declared "If we don't get what we want we shall be forced to turn rebels—another crisis."

## Community Concerts Arranged for Season

The annual meeting of the Victoria Community Concert Association was held at the Y.W.C.A., with the president, Mrs. Allon Peables, in the chair. The reports of the president, secretary and the treasurer on last year's activities were approved. The secretary reported that the memberships taken up so far for the coming season's series of concerts had not reached last year's total, but the executive feel confident that the splendid artists engaged for the three concerts will be such an outstanding success with music-lovers of Victoria that the prospects for the future of the association will be fully assured.

The artists who will appear are Lucy Monroe, young operatic soprano; Mieczyslaw Munz, pianist, and Joseph Knitzer, violinist. Lucy Monroe sang Marguerite in "Faust" to Erio Pinza's Mephistopheles and Charles Kulman's Faust, and is regarded by some as the greatest lyric opera star in America. Munz is a young pianist of extraordinary ability and has appeared as soloist under the famous batons of Emil Mlynarski, Walter Damrosch, Hugo Kramm, Henri Verbrugghen and many others, besides having given performances in Australia, Europe, Asia and South America. Joseph Knitzer is the young violinist who appeared as soloist with the New York Philharmonic-Symphony Orchestra at Carnegie Hall in February this year, when the New York World-Telegram said of him: "Knitzer belongs with Vivaldi and Menuhin among the great young talents of the bow."

The president gave a talk on the progress of community concerts in South Africa, which have been an outstanding success. Rose Hampton and other famous artists on the community concerts' roster have been engaged for a tour there.

# Helen Jacobs Badly Beaten

## Sports Mirror

By PETE SALLAWAY  
SELECTION of Bill Pedlar and Phil Pearson, former Vancouver players, now resident in Toronto, as members of Canada's current Davis Cup tennis squad to go up against Cuba, brings to mind some really human interest angles. Pedlar first went east in 1937 and won the Canadian junior title. The following winter he and Pearson saved every cent they could lay their hands on. They set out for the 1938 eastern tournaments by acting as guards on a train of bonded Chinese headed for Montreal.

Both have developed from the public courts of Vancouver, where Pearson's career had been interrupted by such experiences as amateur boxing, salmon canning and timber cutting. They paid their own way through the east and when fall came they worked in Toronto sporting goods stores.

Around the tournament club-houses they are known as practical humorists of the first degree. Pearson is renowned as a tap-dancer. Pedlar, only 17 then, was introduced to Detroit last year by a group of players who took him to a burlesque show, and when he came back he startled the clubhouse by saying chorines were more beautiful than women tennis players. Selection of two scrappy youngsters like the former coast players for the cup squad is a step in the right direction. Davis Cup play will give them valuable experience and help toward building up the calibre of Canada's tennis material.

Here's one for a book of rules that should be corrected. Denny Shute has been barred from competing for the United States Professional Golfers' Association crown because he was three days late paying dues.

The P. G. A. announced that a member who had not paid the first installment of his yearly dues on or before May 20 could not compete in the association's championship. The reason for the ruling was that the P.G.A. wanted to arrange, on May 20, the allotment of places in the field to the various sections.

But, as a former champion and Ryder Cup team member, Shute was exempt two ways from the need of qualifying. Had Shute won the United States open for which he tied and lost in the first playoff, the P.G.A. would have let him into its meet. P.G.A. rules provide that if the open is won by a P.G.A. member in good standing he will automatically be qualified for the professionals' tournament. Shute's payment of dues on May 23 made him a member in good standing.

The P.G.A. sells its championship to a sponsoring club for something like \$15,000. This year's sponsors are going to be a little annoyed to find they are not getting Denny Shute, one of the greater match players and winner of two of the last three P.G.A. titles. All because of a stupid rule which bars a star for a slight oversight which did not affect arrangements for the championship. It is understood, however, that the P.G.A. will reconsider and waive the rule in Shute's case. Surely, such a rule was made to be broken.

Del Baker started the inspection of major league baseball gloves, particularly those of first basemen. The Detroit manager squawked about a tiny piece of tape which Joe Kuhel of the Chicago White Sox had on his mitt. "Can you imagine complaining about that," asks Jimmy Dykes, "when fellows like Hank Greenberg and Jimmy Foss used fish nets? I remember a game in which Greenberg stopped a throw and didn't even know he had the ball. He actually didn't make a catch. He didn't feel the ball in that jai-alai net of his." Speaking of the Chicago Americans' recent epidemic of sore pitching arms, Dykes says that the trouble with most players today is that they are business men. The theory of the White Sox manager is that all players get lame arms once in a while, and that the best way to get rid of one is to pitch the lamest out of it.

But the noble athletes of today are too careful to do that.

**GOLF TEAMS TIE**  
Golfers from the Gorge Vale and Victoria Clubs met Sunday in an interclub match on the former's course and battled to an 8 to 8 deadlock. The squads split the singles 4 to 4 and divided the fourballs by a like score.

## Drops Straight-set Match To Kay Stammers in Wimbledon Tennis

WIMBLEDON, Eng. (AP) — United States champion Alice Marble and Mrs. Sarah Palfrey Fabryan of Cambridge, Mass., advanced to the semifinals of women's singles in the all-England tennis championships today but Helen Jacobs, four times American champion and finalist here last year, was soundly beaten by Britain's pretty Kay Stammers, 6-2, 6-2.

Looking pale and tired, the Berkeley, California, veteran committed error after error. From the minute she started the match by losing her own service at love, she never looked like a winner.

Miss Marble, on the other hand, was invincible against Jadwiga Jedrejewska of Poland, who had beaten her four out of six times in previous meetings. The San Francisco blonde No. 1 seeded, won at 6-1, 6-4, while Mrs. Fabyan, who suddenly has developed a better service and a faster forehand, commanded the play all the way against the French champion, Mrs. Rene Mathieu, whom she defeated, 6-4, 6-2.

## EASY VICTORY

Mrs. Sven Sperling of Denmark, the former German champion, Hilda Krahwinkel, gained the last semifinal bracket with an easy 6-4, 6-0 conquest of England.

The young American combination of Don McNeill of Oklahoma City, and Gene Smith of Berkeley, California, were eliminated in the third round of men's doubles by John Oliff and R. A. Shaves of England, 6-8, 4-6, 6-3, 6-3, 6-4.

Bobby Riggs and Elwood Cooke, two United States stars who have reached the semifinals of the men's singles, teamed up today and won their match in the men's doubles from P. V. Sherwood and George E. Godsell, British pair, in straight sets, 6-3, 6-3, 6-3.

Semifinals of the men's singles will be played tomorrow.

## LEADING SENIOR NINES TO MEET

**Longshoremen and New Method Softball Teams Battle Tonight**

Longshoremen and New Method Laundry, leading nines in the senior softball pennant race, will battle in the feature game on this evening's program when they meet at Athletic Park. Stevedores are on top, but a defeat will slice their lead considerably. The other A section scrap carded tonight will bring together Douglas Tire Shop and Kenetractors at Victoria West Park. Games start at 6:15.

## B SECTION SCORES

Metochin Rangers added another win to their last night to strengthen their position at the top of the heap in the B section race. They beat Navy, 15 to 5, at Hampton Road. Second-place Young Liberals kept pace with the leaders by handing I.B.S. a 11 to 9 defeat at Central Park. Esquimalt Athletics won by default from Saanichton.

## C SECTION SCORES

Harknett Fuel, Times, Cameron Lumber and Lemon Gonnason scored victories in C section games last night. I.O.O.F. fell to defeat at the hands of the Harknett nine, 8 to 4, at Central Park, while the newbies beat Bull Bros., 7 to 3, at Savory Park. Camerons turned back Spencers, 10 to 6, at Victoria West Park and Lemon Gonnason defeated Navy, 20 to 6.

## Grid Game Returns

**Victoria Revellers Will Back Local Team in Canadian Football League**

Canadian rugby football will make its return in Victoria this fall after an absence of about five years, when the Victoria Revellers launch an aggregation in the British Columbia circuit.

For many months the Revellers have been shaping their plans and an announcement this week indicated that the machinery was all set to usher the Capital City back in "Big Four" company, a berth in which has been assured.

The team will be known as the Victoria Revellers. Other clubs in the league are North Shore Lions, University of British Columbia, Knights of Columbus and Meralomas.

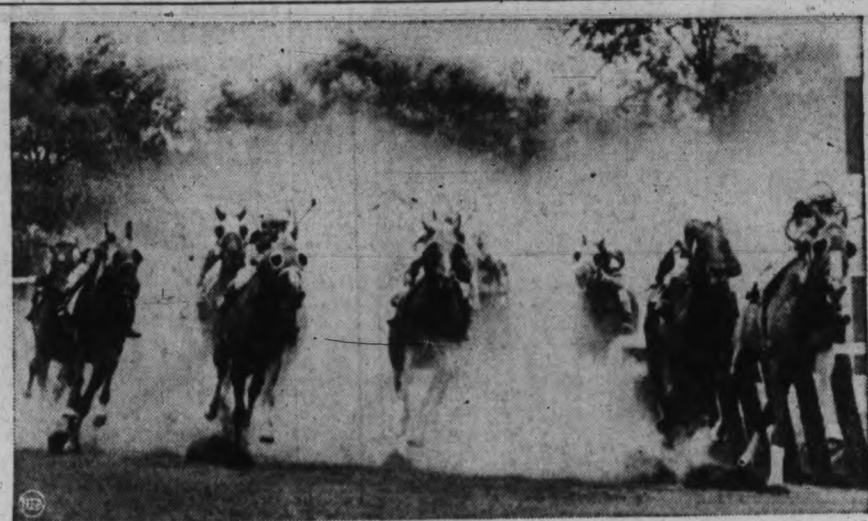

George S. Deacon, who piloted North Shore Lions to several championships, has been secured as coach for the local squad. According to Deacon there is sufficient material available in Victoria to make a crack team, and any one interested in signing with the club is asked to get in touch with the coach as soon as possible.

The Athletic Park has been secured for the games. The team will engage in four league matches at home and a like number on the mainland. There is a possibility that exhibition games with American teams will be arranged.

Coach Deacon announced that players will go into training on August 1 when the first practice of the season will be called.

Benny McMillan is business manager of the club. W. H. Sturrock is secretary. K. J. Davis, treasurer. R. J. E. Kay, publicity. B. C. Gillie, finance, and C. W. Newbury in charge of social activities.

# Victoria Daily Times

**HEADED FOR HOME IN CLOUD OF DUST**—Out of a cloud of dust and into the stretch pounds the field in the first race, won by Steel Knight, as the summer meeting opened at Arlington Park, Chicago.

## Alerts Tackle Conservatives

**Crack Senior Boxla Clubs Will Clash Tonight at Willows**

Still smarting from the defeats they suffered in their last two league starts, Manager Harry Sargison's third-place Alerts Service boxla aggregation will endeavour to win back some of their lost prestige this evening. They will go up against Conservatives in a senior duel that will highlight a two-game lacrosse program at the Willows sports auditorium.

Alerts started out in championship form at the season's opening and swept everything before them, but several weeks ago they got their first taste of the bitters of defeat at the hands of the green-shirted Conservatives, and a week later tumbled to their second setback before James Bay, now setting the pace in the senior circuit.

From all indications it looks like an exciting rugged scrap will be the order of the evening. This game will start at 8:45, and will be preceded by a midge game between Times Terriers and Oaklands at 7:30.

## Johnny Wenger Traps Champion

**Victoria Marksman Captures B.C. Doubles And All-round Titles**

VANCOUVER (CP) — Dr. W. Leonard, Trail, B.C., is the new B.C. amateur trapshooting champion, a title he won over the weekend when he nosed out A. R. Hoy, Vancouver, by a single point.

Dr. Leonard broke 96 out of 100 birds.

J. S. Robertson of Rossland, B.C., won the B.C. handicap championship with 46 out of a possible 50. H. Hasenfratz, Victoria, was runner-up with 45.

Johnny Wenger, Victoria, won the doubles championship with a 42 out of 50 marking. The Victoria marksman also annexed the provincial all-round championship when he won in a shoot-off with J. Beban of Nanaimo after they had tied with 178 out of a possible 200.

Other results included B class shooters:

16-yard singles—H. Hasenfratz, Victoria, 91 out of 100.

## Index for Ball Series

**Baseball Men Watch Today's Games For Forecast On Title Play**

The Fourth of July to baseball men is one of the most important dates of the year.

There is an old adage that says the team cutting titular capers then will be cutting up the World Series melon some 13 weeks hence.

Cincinnati Reds are currently four games ahead of New York Giants and the Yankees are something over a dozen games to the good.

Thus if history repeats in the American League, the Yankees can coast in and let old man percentage win the title for them. The interesting development will be to see if the percentage will hold for the Reds, who haven't been exactly invulnerable since June 21 when they started to skid a trifle. They have lost six out of nine since then, but have lost only 1½ games of their lead.

Johnny Mize yesterday smashed two homers, a double and a triple to move St. Louis Cards into third place in the National loop by virtue of a 5 to 3 win over Chicago Cubs. It dropped the Cubs back to fourth spot.

In the American circuit Bobby Feller and Bruce Campbell teamed nicely to hand the Indians a 4 to 2 victory over Detroit Tigers. Bobby limited the opposition to five hits, including homers by Earl Averil and Roy Cullenbine, and Campbell belted a homer into the stands with two on to break a 1 to 1 tie in the eighth. Feller fanned only two—all time low for him.

Ben Chapman, Indian centre-fielder, equalled a modern major league record when he slammed three triples. He shares that mark with six other players.

In the only other game played, the current flare-up of tempers all over the majors rose again. Three St. Louis Browns were banished while the Chicago White Sox hammered out 17 hits and an 8 to 3 win.

Pitchers Roxie Lawson and Vernon Kennedy and manager Fred Haney all objected too vocally to a decision by Umpire Cal Hubbard and found themselves under an early shower.

## NATIONAL LEAGUE

St. Louis ..... 5 12 2  
Chicago ..... 3 8 1  
Batteries—Copper, Bowman, Davis and Padgett, Owen; Lee and Hartnett.

## AMERICAN LEAGUE

Cleveland ..... 4 7 2  
Detroit ..... 2 5 1  
Batteries—Feller and Hemsley; McKain, Coffman and Tebbets.

## AUTO RACES HERE SATURDAY NIGHT

Following a week lay-over the Langford Speedway local automobile racing oval, will get back into the swing of things again with an international program this Saturday night, Jack Taylor, manager, announced today.

Four American drivers and cars will be over for the meet. They will be Swede Linskog, Seattle, car No. 1; Chick Barbo, Portland, car No. 27; Lou McMurtry, Seattle, car No. 62; and Tommy Legge, Seattle, car No. 3, with possible changes.

Legge's car will make its first appearance at the local track this season. It competed last year as car No. 14, driven by Jack Spaulding.

## Long Prices at Lansdowne Track

**Steveston Bill Takes Feature to Return \$20.70; Jockey Injured**

VANCOUVER (CP) — Steveston Bill, a nine-to-one shot, romped home in the mud at Lansdowne race park yesterday to win the Saratoga Special, feature event on the card.

About 3,000 saw Jockey Andy Haller ride him to victory over Avondale King and Golden Belt, in that order. For a \$2 ticket Bill paid \$20.70 and \$4.35. A heavy rain made the track sloppy at the second day of racing here for the season. Avondale King paid \$13.20 and \$6.80, while Golden Belt returned \$4.10.

Another outsider won the fourth when Lasswade found a track to her liking and romped home, beating Camp Craig and Leyburn, to pay \$35.85, \$16.70 and \$8.60 for a \$2 bet. Camp Craig paid \$14.75 and \$8.70, and Leyburn \$11.70.

An accident marred the day when B. L. (Bobby) Coates was thrown from his mount, Grico. In the first. The 18-year-old rider was rushed to hospital in Vancouver, suffering severe abdominal injuries.

With Alf Gruber in the saddle, Craigie made a show of her field in the second, beating Hazel King and Pepper Pot unextended. The win paid lucky bettors \$5.15, \$4 and \$3.10 for a \$2 ticket. The other two paid \$13 and \$8.65 and \$3.35, respectively.

Results follow:  
First race—five and a half furlongs: Bob-Jack (Millman) ..... \$18.15 \$ 9.10 \$7.05  
Hasty Day (Simmons) ..... 18.75 \$ 9.50  
Time, 1:09 3-5. Also ran: Edison, Broadway Star, Silver Fur, Grico, Easter Kid, Mrs. J. J. Frenchman.

Second race—six furlongs: Craig Lee (Gruber) ..... \$15.15 \$ 4.06 \$3.10  
Hazel King (Young) ..... 13.00 \$ 8.65  
Pepper Pot (Haller) ..... 3.35  
Time, 1:14. Also ran: Avondale Star, Quile Contrary, Requiem, Scher, Liberty, Miss, Canadiana, Capers, Someridge, Rube Wilson, Pivotal.

Third race—five and a half furlongs: Vanabak (Millman) ..... \$5.90 \$3.10 \$2.45  
Buck On (Stella) ..... 2.80 \$ 2.30  
Louise Deer (Windsor) ..... 2.80 \$ 2.30  
Time, 1:09. Also ran: Halsestad, Gold Normande, Hensley, The Pagan, Desert, Commencer, Miss Noyes, Sugar Cookie.

Fourth race—six furlongs: Lasswade (Wilbourne) ..... \$35.85 \$16.70 \$8.60  
Camp Craig (McWharters) ..... 14.75 \$ 8.70  
Leyburn (Colligan) ..... 8.65 \$ 3.35  
Time, 1:18. Also ran: Blinzie, Pharama, MacPhalaris, Maltie B, Sunny Monday.

Fifth race—four and a half furlongs: Steveston Bill (Haller) ..... \$20.70 \$ 7.30 \$4.35  
Avondale King (Millman) ..... 13.20 \$ 6.80  
Golden Belt (Simmons) ..... 4.10  
Time, 1:13 1-5. Also ran: Cuckoo Kid, Juvenile Ben, Volant, Peace Leg, Pandemonium.

Sixth race—six furlongs: Ben In (Christiansen) ..... \$10.50 \$ 4.20 \$4.70  
Bix Scotland (Shaw) ..... 11.00 \$ 4.60  
Searing Wind (Gruber) ..... 3.70  
Time, 1:15 1-5. Also ran: Cuckoo Kid, Juvenile Ben, Volant, Peace Leg, Pandemonium.

Seventh race—one mile: Justin Jones (Nacht) ..... \$27.55 \$10.60 \$5.95  
Akahidra (Gruber) ..... 9.95 \$ 2.95  
Master Buck (Shaw) ..... 2.95 \$ 2.35  
Also ran: His Trim, Salmore, Modern Maid, Wildrun, Neophyte.

## JOE LOUIS WILL NOT LEAVE RING

**Heavyweight Champ Will Fight for Three More Years, Says Manager**

DETROIT (AP)—Retirement? Don't mention the word to Joe Louis.

Speaking for the heavyweight champion, Manager John Roxborough put the skids under that notion yesterday and at the same time gave away a secret ambition of Joe's.

Roxborough, home from New York where Louis all but eradicated Tony Galento last week, acknowledged gossip about retirement for the Brown Bomber after a few more fights with the quick rejoinder: "Sure, Joe'll quit—about 1942."

"I'll tell you what he's thinking about," Roxborough said. "He's thinking of taking on everybody that wants a chance until about the winter of 1942. If he's still champion by that time, he'll retire undefeated."

If Louis, two years champion, gets beaten before 1942, "he'll stage a comeback," Roxborough said.

"Joe definitely has made up his mind to fight for at least three more years," Roxborough added. "He wants to do one of two things—either retire undefeated as Gene Tunney did or be the first heavyweight to regain the title."

## MINOR SOFTBALL

Commercial Softball League games scheduled for tomorrow night follow:

**SENIOR**  
Harris Cyclists vs. Bee-Cees, Memorial Park; Umpire, Carter. Saanich Aces vs. Able's Aces, Hampton Road; umpire, M. Ralph.

**JUNIOR**  
Bryant's Aces vs. Mets, Upper Beacon Hill; umpire, E. Bray. Royal O.K. vs. Esquimalt A.C., Hampton Road; umpire, W. Smith.

Pittsburgh—Paul Pirrone, 163, Cleveland, knocked out Freddy Lenn, 158, Pittsburgh (7).

**MIGHTY MITE** — Highlight of the current all-England tennis championships at Wimbledon has been the play of diminutive Edwood Cooke, above, crafty little racket swinger from Portland, Ore.

Cooke reached the heights yesterday when he eliminated Britain's ranking star Henry (Bunny) Austin to reach the semifinals. Cooke is well known here having played several times on the courts at the Victoria Lawn Tennis Club.

## Goddard Stars In O.C. Cricket

**Veteran Gloucester Cricketer Captured 17 Wickets Against Kent**

LONDON (CP) — Thirty-nine-year-old Tom Goddard yesterday became the third bowler in English first class cricket history to take 17 wickets in one day. The veteran's clever trundling gave Gloucester victory over Kent by an innings and 40 runs in a county championship match at Bristol.

Goddard captured nine wickets for 38 in the hop county's first innings and followed it up in the second by dismissing eight men for 68 runs. The feat was first performed by C. Blythe of Kent, in 1907, and Hedley Verity, Yorkshire star, equalled it in 1933. The Gloucester also became the first bowler to take 100 wickets in a season. Before the start of the game his bag stood at 97.

In another match finished a day ahead of schedule Derbyshire defeated Essex by 10 wickets at Chesterfield. The touring West Indians ran up their highest score of the tour against Nottinghamshire. Out of a total of 510 for three wickets, declared, George Headley, Jamaica star, made 234, not out.

Other scores follow: Gloucestershire, 284; Kent, 120 and 124; at Bristol.

Essex, 143 and 117; Derbyshire, 214 and 47 for no wickets; at Chesterfield.

Middlesex, 317 and 188 for eight; Lancashire, 245; at Manchester.

Worcestershire, 225 and 298 for four; Leicestershire, 197; at Leicester.

Northamptonshire, 200 and 259 for five; Sussex, 172; at Kettering.

Somerset, 490 for eight; declared; Hampshire, 303 for nine; at Taunton.

Glamorgan, 102 and 128 for three; Warwickshire, 418 for seven, declared; at Birmingham.

Yorkshire, 406 and 34 for one; Surrey, 290; at Leeds.

Oxford University, 313 and 273 for three; Cambridge University, 157; at Lord's.

Nottinghamshire, 149 and 132 for two; West Indies, 510 for three, declared; at Nottingham.

## BOXLA PRACTICE

Following members of the Saanich Young Liberals box lacrosse team are asked to attend a practice at the Willows sports centre tomorrow night from 8 to 9: Bryant, Knowles, Simmons, Barr, Simpson, Thomas, Scott, Carter, Sage, Scott, Sage, Fellow, Estridge and Davies.

## ANNUAL TOURNAMENT

Annual golf tournament of the Allied Timber Industries will be held on July 28 over the links of the Point Grey Golf Club, Vancouver. Last year 144 players took part and this year's tournament is expected to attract an even larger entry.

## GOLF WINNERS

In the mixed foursomes played at the Uplands Golf Club over the weekend Mrs. J. R. Hibbertson and E. Hibbertson were the winners with a net score of 67½.

In the men's medal competition A. E. Irish won with a net score of 65.

## Amateur Scores Second Straight 69

**Irish Star Leads Qualifiers In Open Championship With 36-Hole Score of 138**

ST. ANDREWS, Scotland (AP) — Big Jim Bruen, the young Irish amateur, continued his one-man war on grassy St. Andrews with his second straight sub-par 69 and an unchallenged claim to first place in the qualifying field for the British open golf championship today with a 36-hole score of 138.

This second round, played over the par-72 new course, put him four strokes up on Lawson Little, the leading United States threat, and Henry Cotton, Britain's best. Cotton played the old course in a four-under-par 69 for his 142, while Little, over the new course, had a 73 after tying with Bruen and Percy Allis for the first-round lead.

Bruen again moved around the layout as if he owned it, smashing his tee shots with astonishing strength and direction and approaching and putting like an automaton. His exhibition made him a hot favorite to win the championship which begins with an 18-hole round tomorrow.

Reg. Whitcombe of England, the defending champion, fired his second straight 72. Scotland's leading hope, Jock McLean, was another stroke back after carding 73.

Cotton, who had a 73 yesterday, was out in 33 and back in 36. Cotton's excellent driving and adequate approaches and putts featured the round. Followed by a gallery of about 2,500, he marched around the course without betraying the slightest emotion at good shots or bad.

He was at the back of the green with his drive on the 312-yard 10th hole. His putter went back on him at the 13th, where he took three putts, but he played the dangerous 17th, "the road hole," perfect; his second shot with a spoon was a super shot that cleared all bankers, ran on the green and finished 10 yards from the pin.

## LITTLE MISSES PUTTS

Little, former British and United States amateur titleholder, collected his 74 finally by spectacular driving.

On the 11th hole, 332 yards long, he drove to the back of the green. His putting kept the chief U.S. hope from approximating his first-round score of 69. He missed half a dozen short ones and took two putts on the eighth after chipping within four feet of the pin.

Little had a six on the eighth and a bogey five on the 18th, and these two holes probably cost him a chance to win the prize of about \$100 that goes to the leading professional qualifier.

Reg Whitcombe played impressively smooth golf and he made every shot look easy, even on the treacherous old course. The 39-year-old title defender was one under par.

McLean, who Scots hope will win the title, was in better shape than yesterday and toured the old course in 73. He and Cotton seemed to be the only players able to defy the strong southeast wind.

A. J. Isherwood posted a 71 for a total of 147.

Long-hitting Wally Smithers, former assistant pro in Canada at the Royal Ottawa Club, got back on his game for a 72, five better than his first-day effort, and his 149 clinched a qualifying berth.

Percy Allis, British veteran who shared the opening day lead with Little and Jim Bruen of Ireland, fell off to a 74 today for 143.

Hector Thomson, Scottish holder of the British amateur title in 1936, came in with a neat 70 for 148. His three-under-par round was one of the day's best over the old course.

Archie Compston, another British veteran, posted a 73 for 147.

Cards of the leaders follow: Cotton—Out 344443434—33 In 334554444—36—69

Little—Out 344435464—37 In 435443435—36—73—142

R. Whitcombe—Out 444454434—36 In 324454554—36—72—144

**BRYAN HEXTALL MARRIED**  
WINNIPEG (CP)—Member of New York Rangers National Hockey League team, Bryan Hextall was married yesterday to Gertrude Joan, youngest daughter of Mrs. Lyon and the late R. J. Lyon of Portage la Prairie, Man.

**TOKIO (AP)** — Vancouver Westerns, 1938 Canadian basketball champions, arrived here today to play a series of games in Japan and Manchukuo.

## Garter Snakes and "Milk Snakes"

Many persons have a great fear of snakes. A large one strikes them with terror, and probably will make them run. They are likely to stamp on the head of a little one.

Grass snake with old skin outside it. (Drawn from photograph).

As to the large ones, it is wise to keep your distance from them. Rattlers, for example, are extremely dangerous. On the other hand, some large ones, like the bull snake or the king snake, never hurt people.

Most of the little snakes do no harm to people. Indeed they may be classed as friends of man. They destroy thousands of mice and other pests.

Among the harmless snakes are garter snakes, also known as grass snakes or garden snakes. They grow to be two or three feet long, but are thin and have no poison glands.

Garter snakes are likely to spend most of their time about the grassy banks of rivers, ponds and lakes, or in a woodland. They feed mainly on insects, angleworms, frogs, toads and mice.

In most parts of the country, garter snakes spend the winter sleeping. They find a hollow between rocks, or burrow into the ground, and rest until the weather grows warm. Like other snakes, they sleep with their eyes open. A snake has no eyelids.

The garter snake sheds its skin from time to time, usually two or three times a year. Now and then a person finds an empty snake skin which is just about whole.

Another harmless snake is the "milk snake." It is common on some parts of our continent, chiefly east of the Mississippi and north of the Ohio River.

The name of this snake came from the fancy that it likes to drink milk. Often it visits stables and barns where cows are kept, but its purpose seems to be only to capture mice which are likely to be found in such places. If any reader ever has seen a snake "milk a cow," or drink milk from a pail, I'd like to hear about it. It is quite certain that these snakes have a special appetite for mice. One of them may capture from 100 to 300 mice in a single summer season.

The milk snake also has the name of "spotted adder," but it is very different from the deadly African puff adder. The milk snake does not have poison glands. It will hurt a mouse, but not a human being.

## Modern Etiquette

1. If a girl introduces you to a man she has talked about a great deal, should you say, "I've heard so much about you?"
2. If you return to a store to buy an article previously shown you there, should you try to find the sales person who waited on you originally?
3. What should you do if you arrive at a reception and find you do not know the person at the head of the receiving line?
4. If you are riding in a friend's car and you think he is driving too fast, should you protest?
5. Should a man tell a girl he knows well that her slip is showing?

What would you do if—  
Someone leaves a telephone number for you to call, but neglects to leave the name. Would you—  
(a) Call the number, give your name and ask if anyone left a message for you to call?  
(b) Call the number and when the telephone is answered, say "Who wanted to speak to Bill Brown?"

- Answers
1. No.
  2. Yes, if it is anything at all expensive.
  3. Introduce yourself.
  4. Not unless he is deliberately showing off.
  5. Yes.

Best "What Would You Do" solution—(a).

## COLWOOD

The annual school meeting of the Colwood school district will be held Saturday evening in the school at 7.30 for the purpose of transacting school business and electing a trustee and an auditor for one year.

The St. John's Sunday School will hold their annual outing on Thursday at Ocean Beach.

## HOROSCOPE

Wednesday, July 5, 1939

Adverse planetary aspects dominate through the morning hours today. Later benefic influences are strong. The mind may be sluggish until noon and afterward exceedingly alert.

This is a most favorable date for the activities of women. The best achievements will result from independent effort. The advice of men may be hampering or discouraging.

Public service will be sought by college girls, who will prepare for vocations demanding sci-

ence or mechanical talent. Many will gain success in difficult fields of work.

Romance will be prevalent, especially at summer resorts and house parties. Hasty courtships will be numerous under the last quarter of the moon. Warning is given that the stars may encourage reckless flirtations among married persons.

Extensive travel in British Columbia is prognosticated. Closer relations with the United States are indicated, bringing increased trade for both countries. Aviation is to gain greatly in popularity through the summer,

when new inventions will increase safety. The seers warn of sabotage due to dissatisfied workers, as well as to hostile aliens.

Persons whose birthdate it is have the augury of a year of fair luck, but home may present problems requiring wise attention. The young may be too inclined to live their own lives.

Children born on this day probably will be kindly and lovable, well-balanced and industrious. Many subjects of Cancer are high-strung and inclined to be careless in practical matters.

## Happy Valley

The annual school meeting of the Happy Valley school district will be held on Saturday evening in the school at 7.30 for the purpose of transacting school business and electing one trustee and an auditor.

Miss Doris Bailey of Vancouver is visiting her parents, Mr. and Mrs. Mark Bailey, Sooke Road.

Mr. and Mrs. Stan Heaslip and family of Pasadena, Cal., have been visiting relatives in the district.

John Caton has left for a trip

to Stewart and Portland Canal. Mrs. E. Bird of Duncan is the guest of her daughter, Mrs. A. Silman, Glen Lake Road.

The pupils, teachers and parents of the Luxton Sunday school will join the Central Baptist Church at their annual outing at Saanichton Wednesday.

METROPOLITAN Y.P.S.

The Metropolitan Young People's Society will hold a mystery beach party this evening. Cars will leave the church at 7.30 sharp.

The St. John's Sunday School will hold their annual outing on Thursday at Ocean Beach.

## SIDE GLANCES

By George Clark

"Please remember they are having hired entertainers at the club tonight and you don't have to be the life of the party."

## Dorothy Dix's Letter Box

DEAR DOROTHY DIX—Not long ago you said that 90 per cent of marriages go on the rocks when the girl virtually has to force the boy to marry her. That got my dander up, for that is just what I did. I actually had to beg my husband to marry me and there never was a marriage that turned out better. My older sister was married the same way and she, too, is as happy as can be.

MRS. C. F. P.

Answer: Well, well, who would have thought it? There are exceptions to all rules—especially in marriage—but despite the success of yours and your sister's method of getting husbands, it is still true that most men who have to be dragged to the altar make bawky husbands who are poor yokesmates.

But maybe, after all, your experience proves my favorite theory, that we should have more and better and happier marriages if women did the proposing. Undoubtedly women are wiser in love than men are. Many a one knows that she is the right mate for some man who has never discovered it for himself, but who could be sold the idea if she could properly present it to him. And also many an old bachelor could be gathered into the matrimonial fold if some pretty girl begged and begged him to marry her until she wore down his resistance. Certainly it is an idea.

DOROTHY DIX.

DEAR DOROTHY DIX—I am a girl of 18 and badly spoiled. Recently I have been going with two very nice young men and at a party I played a dirty trick on them and now they are both angry with me. I have been so selfish and self-centred that I have never considered anybody but myself, and I told them lies and they found out about it. They dropped me and I haven't seen either of them for several months. It has taught me a lesson and knocked some of the selfishness and conceit out of me, because they have both ignored me completely. How can I make them see that I have changed?

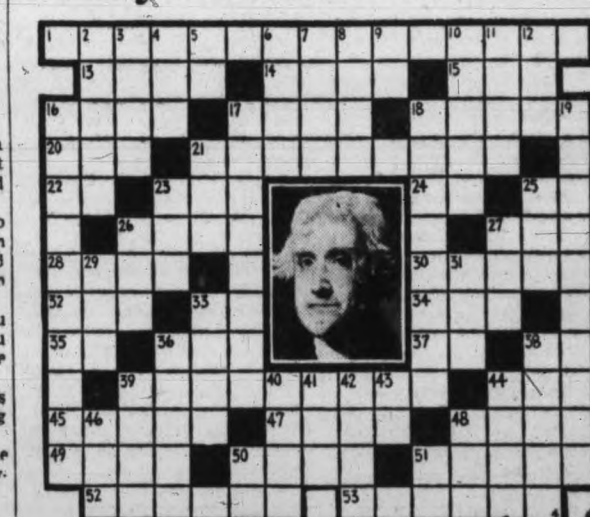

SPOILED GIRL.

Answer: You will just have to wait until chance throws you together again and let them see for themselves that you are different.

Girls always think that all that a boy cares about in a girl is whether she is good-looking, a good dancer and lively. They think that a boy doesn't notice if a girl tells lies, or is catty about other girls, or is selfish and greedy, but he does. Boys size a girl up very closely as to her morals and her principles, and among the things they particularly dislike in one is for her to be untruthful and insincere and a braggart.

DOROTHY DIX.

## Banker Knocks Barter Deals

M. W. Wilson, Royal Bank President, Says They Are Step Backward

Freer flow of world trade will do more than anything else to bring lasting peace among nations of the world, in the opinion of Morris W. Wilson, president and managing director of the Royal Bank of Canada, who arrived in Victoria today at the end of a business survey trip across the country from Montreal.

Accompanied by Mrs. Wilson and Miss Betty Wilson, B.O. Moxon, B.C. supervisor for the Royal Bank, with headquarters in Vancouver, Mrs. Moxon and Miss Betty Moxon, the Canadian banker is at the Empress Hotel.

"The best sign of peace will come from pursuing an intensely nationalistic course to meet their problems through established principles of trade," Mr. Wilson said. "It will be necessary for them to say 'let's do business again'."

### STEP WRONG WAY

Mr. Wilson is not one of the banking magnates who believe in barter deals. Economically they are a step backwards, he says.

"Canada, of all countries, should hold aloof from all barter schemes," Mr. Wilson said. "Canada has far more to sell than she has to buy, and to you in British Columbia, exports are vital. If anyone should attempt a barter scheme whereby your products would be exchanged for goods without the medium of money, the result would be disastrous. You would be gambling away your heritage." Delighted with the appearance of the prairie crops, Mr. Wilson said he was most optimistic about business conditions there during the next few months. He says the rain has done wonders. The prairies are green and farmers are cheerful for the first time in years.

Born in Lunenburg, Nova Scotia in 1883, Mr. Wilson entered the service of the Royal Bank in his home town in 1897, at the age of 14. Later he served in Halifax, Charlottetown, Montreal and from 1911 to 1916 was manager in Vancouver.

## Hear Report On Boston Conclave

Walter M. Walker Tells Victorians of Kiwanis International

A report on the Kiwanis International Convention at Boston was presented to members of the Victoria club at their luncheon in the Empress Hotel today by Walter M. Walker, lieutenant-governor of the Northwest district.

Mr. Walker attended the conclave as an official delegate with Harold M. Diggon.

He reported the convention was attended by between 4,000 and 4,500 delegates, representing more than 1,000 Kiwanis clubs in North America. Mr. Walker spoke of the value of such conventions and also gave his personal impressions of some of the features.

Today was observed as "America Day" by the Victoria club and greetings were exchanged with the San Bernardino club of California. A message from F. L. Whitelock, president of the California club, was read by Harold G. Hinton.

Mr. Hinton also read a message from the Halifax club, received too late for last Tuesday's luncheon, when greetings were exchanged across Canada. The message gave a synopsis of Halifax, dealing with its industries, population, historical background and features of attraction to tourists. A beautiful bouquet from the Halifax club was presented by Ralph Matthews, secretary.

Railroad rails were made of iron up to about 1870 because of the cost of making steel in quantity.

## TOWN TOPICS

The annual meeting of St. Ann's Alumnae will be held at St. Ann's Academy on Thursday evening at 8. All members and associate members are urged to attend.

The City Welfare Department is appealing for a double mattress and some chairs for a family which is trying to re-establish itself in a home. A telephone call to the department, G8104, and such donations will be gladly called for.

Demand notices for payment of current road, poll and dog taxes are being sent out by the city collector's department this week. Those delinquents receiving the notices are allowed five days in which to meet their obligations. After that period they are liable to fines as well as payment of the dues.

The Department of Transport has written to the Victoria City Council asking if the local body has any objection to an application for a water lot in Victoria Harbor made by Robert Armstrong who wishes to extend marine ways and boat building equipment in the region of his present plant.

George McLean, 558 Kelvin Road, a longshoreman, was taken to St. Joseph's Hospital with back injuries, following an accident while he was engaged loading lumber aboard Ss. Dallington Court at Ogden Point this morning. A police report said he was struck by a load as it was being hoisted aboard the ship. His condition was not believed serious.

Tenders for the painting of Cloverdale, Tillamook and Tolmie schools were let by the Saanich School Board at a special meeting last night. The meeting was called to deal with tenders after H. Sheppard, whose original tender was accepted for all three schools, asked to be released from the contract. The awards were made as follows: Cloverdale School, J. McPherson, \$451; Tillamook School, L. T. Bradshaw, \$385; Tolmie School, F. Ireland, \$397.50. Each school will be painted inside and out.

## WEATHER CAUSES BERRY SHORTAGE

A shortage of berries is being felt at Wholesale Row due to the recent wet weather experienced on the island. Strawberries are nearly finished. As soon as the weather clears, raspberries will be plentiful.

A carload of watermelons was received from California today. Prices are low. A carload of California cantaloupes was received yesterday, and they too, are low in price. The quality is at its best.

Okanagan Bing cherries arrived yesterday. Black currants, for preserving, will be available this week. The first local green beans were received last night.

California-Utah celery is nearly over, with enough stock on hand to last the rest of the week.

## Gradual Clearing Weather Forecast

Maybe Victoria is going to get some summer weather after all.

"I don't think we are entirely out of the woods yet, but I do expect a steady improvement," said the weather man at the Gonzales Hill Observatory this morning, forecasting moderate southerly or southwesterly winds, clouds and cool weather for this afternoon, clearing tonight and tomorrow and becoming somewhat warmer.

"I don't think we shall get by without some more clouds, but if there is any more rain it will be light and will not amount to much."

One tenth of an inch of rain fell during the night, most of it after 4.30 this morning.

## Individuals Not Pawns for Dictators

CHALONS-SUR-MARNE, France (AP)—United States Ambassador William C. Bullitt declared today the United States and French peoples believe "human beings are ends in themselves, and not instruments to be employed by the will of a powerful individual."

Mr. Bullitt spoke at the unveiling of a plaque in the city hall commemorating the selection here in 1921 of the Unknown Soldier who now lies in Arlington Cemetery, near Washington.

"In honoring the Unknown Soldier," Mr. Bullitt said, "we honor not a man, or even a race of men, but humanity."

All the propaganda in the world will never wash white again the hands or the soul of a man who will in evil to fill the earth with unknown soldiers.

"Nations which believe as do the American and French... naturally seek to achieve their aims without war."

## Find Death Due To Accident

Driver Exonerated at Inquest Following Fatal Crash at Sidney

Accidental death was the verdict of the coroner's jury which inquired into the death of Peter Lannan, Sidney, after being struck Friday night by a car driven by Albert T. Marshall, Victoria. The jury added a rider recommending removal of a tree at the intersection where the collision occurred.

Mr. Marshall and three eye-witnesses gave evidence of the accident, which occurred at the corner of Beacon Avenue and Third Street as Mr. Lannan was walking across the intersection and Mr. Marshall was driving east on Beacon Avenue. Dr. J. H. Moore gave evidence of multiple bruises and fractures which caused death.

Mr. Marshall said his attention was distracted momentarily while he was driving and when his eyes returned to the road he saw Mr. Lannan directly in front of him. He jammed on his brakes but could not avoid the crash. He said there were no street lights on and there had been dark shadows on the street. Mr. Marshall estimated his speed at 25 miles an hour.

Robert Mounce, Gerald Godfrey and Gilbert Baal, three youths who were talking to Mr. Lannan just before the accident, said he appeared to have been drinking. They said he started across the street after leaving them.

Constable Dave S. E. Thomson, B.C. Police officer at Sidney, testified 74-foot skid marks were made by the car driven by Mr. Marshall, which was owned by Bruce King, Nanaimo, who, with two women passengers, was with Marshall.

Jack Lannan, brother of the deceased, said he witnessed the accident and he believed the car was traveling between 55 and 60 miles an hour and had thrown his brother 80 feet after the impact. He said he did not believe his brother had been drinking because he had no money on him.

H. W. Davey appeared for Mr. Marshall and F. C. Elliott for the Lannan family.

Members of the jury were: Thomas F. Bolston, foreman; Otto Wilner, Leslie Easton, Herbert Cummins, Earl Pollock and James Taylor.

## IN TOWN TODAY

An interesting visitor to Victoria is Lieut. Colonel H. Steen of Poona, who has had a distinguished career of many years in the Indian army. He still makes his home at Poona, but travels most of the year, returning to India to spend Christmas. He knows India thoroughly and speaks Brahman and Maharratan.

Col. Steen came here a week ago, intending to spend only a few days before proceeding to Banff and Lake Louise. He has become so entranced with Victoria, which he visited many years ago, that he is staying on here indefinitely. He is registered at the Empress Hotel.

In Victoria for her annual vacation is Miss Charlotte Gandolfo, member of a well-known pioneer family of Seattle, who is at the Empress Hotel. Miss Gandolfo has been coming to Victoria for years.

"Victoria is becoming more American each year," she said today. "We in Seattle still love to come here, but I think we sometimes regret Victoria isn't as quaint as it used to be—as it was in the days when traffic drove on the left side."

Mrs. Frank E. Burns, widow of a prominent Seattle business man and Mrs. William Taylor of Seattle, who formerly lived in Victoria, were visitors to Victoria at the weekend-end. They come here several times a year.

A party of ladies from Marion, Ohio, are in Victoria during the course of a visit to the Pacific northwest. In the party, at the Empress Hotel, are Miss M. M. O'Donnell, Mrs. G. M. Walker, Miss Ruth Kleinnaier, Miss Ruth Kramer, Miss V. L. Stuckert, Miss Rosalie Dunn, Miss Edith Eibling and Miss E. Tschannan.

Thirty-three persons, traveling in a Marnell Tour party from the middle western states, arrived by Ss. Princess Kathleen from Seattle at noon today and after seeing Victoria, will leave at midnight for Vancouver. They were booked for dinner at the Empress Hotel.

It would hardly seem mid-summer in Victoria without the presence of Mr. and Mrs. W. J. Bryan of St. Louis, Missouri, who have been coming here annually for many years. They arrived at the Strathcona Hotel yesterday and will remain until the end of the summer.

## OBITUARY

MEEHAN — Funeral services for John Meehan will be conducted in Sands Mortuary Chapel tomorrow afternoon at 2. Interment will be in Royal Oak Burial Park.

DISHER — Funeral services for Charles Disher were held yesterday afternoon at 3 in Sands Mortuary Chapel, Rev. F. Pike officiating. The following acted as pallbearers: C. W. Geiger, Frank Verdier, George Steily and W. C. Hartnell. Interment was made in St. Luke's Cemetery.

LANNAN — Funeral services for Peter Lannan, whose death occurred in an accident on Friday night, will be held in Holy Trinity Church, Patricia Bay, at 2 on Thursday afternoon. Rev. T. R. Lancaster will officiate and interment will be in the family plot at Patricia Bay. Sands Mortuary has charge of arrangements.

BOSSOM — Harry Bossom, infant son of Mr. and Mrs. Henry C. Bossom, 1858 Allenby Street, died yesterday at the Royal Jubilee Hospital. He leaves his parents and one sister, Deanna, at the family residence; his grandparents, Mr. and Mrs. F. Bossom, Victoria, and Mr. and Mrs. P. Barr, Cordova Bay. Funeral services will be held tomorrow afternoon at 2.30 from the S. J. Curry and Sons Funeral Home. Rev. James Hood will officiate and interment will be in the Colwood Burial Park.

BAXTER — Funeral services for James Baxter were conducted by Rev. T. R. Lancaster at McCall Bros' Funeral Chapel yesterday afternoon. Interment was in the Colwood Burial Park, where J. Dickson, deputy grand master, and H. A. Hunt, chaplain, conducted committal rites of the Orange Order, of which Mr. Baxter had been a member for 63 years. The following members of the Orange Order were pallbearers: Captain Nathaniel Gray, Edgar John, Robert Smyth, H. McTaggart, D. R. Bremner and T. R. Exham.

WIFFEN — Funeral services for Herbert Charles Wiffen will be held under the auspices of Court Northern Light, A.O.F., of which Mr. Wiffen was past chief ranger, on Thursday afternoon at 3 from the Thomson Funeral Home, Rev. A. E. Hendy will conduct the services, and interment will be in the family plot in Ross Bay Cemetery. Mr. Wiffen was born in Essex, England, and is survived by his widow, at the family residence; one son, Herbert, in Victoria; two daughters, Mrs. C. O. Stone, Revelstoke, and Mrs. Francis Wells, Nelson, and one sister, Mrs. Edward White, 351 Michigan Street, Victoria.

VANCOUVER (CP) — Mrs. Sarah Miller, 74, pioneer resident of Nanaimo, B.C., who died Friday in hospital here, will be buried today. Mrs. Miller came to Nanaimo as a girl from Bewdley, England, and moved to Vancouver in 1913.

She is survived by three daughters, Mrs. E. Hugh of Nanaimo, Mrs. W. Dean of Seattle and Mrs. A. Horston of Vancouver; one son, Clarence, of Vancouver, and two sisters, Mrs. F. Pearson and Mrs. E. Day of Victoria.

## Idaho Experiments With Cull Potatoes

AUGUSTA, Idaho (CP) — Cull potatoes that many farmers either throw away or sell at small profit to starch factories may win a place in a new commercial field.

A report has reached the state of Idaho is experimenting in the making of potato alcohol for commercial purposes. According to E. N. Pettygrove, Idaho's commissioner of agriculture, the aim is to convert cull vegetables, especially potatoes, into a valuable product.

In Europe, notably Germany, Mr. Pettygrove says this is done in small community plants, but the few such plants in the United States are large and expensive to construct. For the last two years the Idaho Legislature has made appropriations to develop small plants for experimenting in this work.

An alternate plan, also under consideration, is that of dehydrating the vegetables and thus, reducing their volume and weight to an extent that would make it profitable to ship them to a distant large plant.

The experimentation plant is at Idaho Falls, and now is almost at the point of production.

Good Will on Wheels

BRACKPAN, Transvaal—A message of good will from descendants of the French Huguenots who landed at the Cape of Good Hope in 1688 will be conveyed to Paris by motorcycle this fall.

If you cannot turn on your automobile lights, a faulty switch, worn-out bulbs, discharged battery or a blown fuse may be responsible.

## Finds Roads in Cariboo Good

George Warren Back From 'See B.C. First' Caravan Trip

Good roads and fine tourist accommodation at low prices are the main impressions brought back from the Cariboo by George I. Warren, commissioner of the Victoria and Island Publicity Bureau.

Mr. Warren returned last night from 10 days and 1,600 miles of travel with the Vancouver Junior Board of Trade's annual "See British Columbia First" caravan, which last year toured Vancouver Island.

"The roads are wonderful," he said. "From Vancouver right to Prince George there are less than 20 miles that could really be called rough."

"The tourist possibilities are good. The people there are beginning to become interested in tourist promotion. Resorts are springing up."

As evidence of low prices he noted a luncheon consisting of 'Bbone steak, three vegetables and wild strawberries for 50 cents, and said the highest price for a room was \$2 a night. An inboard-engine boat could be hired at Canim Lake, the finest fishing water in British Columbia, for \$2.50 a day.

Mr. Warren was also impressed with the value to the Cariboo area of the Pacific Great Eastern Railway.

During their 10 days of travel the members of the 12-car caravan visited mines, cattle-ranches, historical sites and a variety of other spots. On Dominion Day they took part in a stampee at Quesnel highlighted by a horse race in which Alderman Halford D. Wilson of Vancouver crossed the finish line in the air, his horse having made a sharp turn into a paddock a few yards before the post.

E. G. Rowbottom, deputy minister of trade and industry and chairman of the British Columbia Tourist Council, and George Melrose of the provincial forestry branch were among those accompanying the caravan.

## Progress With Beer Petition

One-fifth of Required Signatures Secured in First Three Days

During the first three days of the Victoria Moderation League's canvass of Victoria for signatures to a petition requesting a plebiscite on the sale of beer by the glass here, approximately one-fifth of the required number of names had been listed. Word to that effect was given today at the headquarters of the league at Room 219, Central Building.

The league will continue its circulation of the petitions until it secures at least 5,000 names, that number being the total required to call for a vote on the issue.

During the opening three days of the campaign 950 signatures had been listed.

At present 38 canvassers are covering the Victoria electoral district.

Organization of the league was completed late last week, with R. A. Ray being named chairman and W. J. Clark secretary.

## Many U.S. People Holidaying Here

Thousands of persons from Seattle, Port Angeles and other neighboring U.S. cities came to Victoria today to celebrate "the Glorious Fourth."

They arrived by steamers this morning and early this afternoon, went shopping, sent dozens of postcards to friends, walked about the streets, took sightseeing drives and returned home by the late afternoon steamers.

F. F. Stanton, superintendent of Schools' Alliance, Ohio, was nominated unopposed for treasurer, the office he now holds.

Newark — Tony Martin, 147, Minneapolis, outpointed Cocco Kid, 148, New Haven, Conn. (10).

Philadelphia — Bob Montgomery, 134, Philadelphia, outpointed Frankie Wallace, 139, Cleveland (10).

San Francisco (AP) — Problems of this nation's youth, "caught... with nothing but time in a world of mechanical wonders," drew the attention of delegates of the National Education Association here today.

Aubrey Williams, chief of the National Youth Association, told delegates, to the association's annual convention that young people today were "in a much tougher situation than were their grandfathers," and termed as "stiff and nonsense" the contention that youthful moral fibre was undermined by government aid.

He advocated more individual treatment of students, and in urging more courses in current history he criticized school boards and administrators "who fear the impact of current happenings on young minds."

Williams cited that improved means of production and lack of free land were among factors causing "millions of people to struggle desperately, pitifully, helplessly, with all gates of opportunity visible to them closed," and said "the fact there are between 4,000,000 and 6,000,000 young people unemployed, out of school, and seeking employment doesn't seem fully realized."

SAYS U.S. GAS DUMPED IN CANADA

OIL Commission at Calgary Told Dominion Companies Hit

CALGARY (CP)—Dumping of United States refined gasoline into Canada has created such a serious situation that Canadian refiners might be better off to close down their plants, discharge their employees and operate with the low import price American product, declared A. H. Miller of Toronto at the McGillivray royal commission hearing today.

Mr. Miller, sales manager for the British American Oil Company Limited, stated imports of foreign gasoline into Canada rose from 21,000,000 gallons in 1937 to 73,000,000 gallons in 1938, and the probability was importations in 1939 would exceed 100,000,000 gallons, one-seventh of all gasoline consumed in Canada.

"There is a large production of crude oil in Turner Valley and people are interested in the field," Mr. Miller said. "I think the Alberta government should insist on the federal government seeing that dumping duties are imposed, on distress gasoline entering Canada."

J. J. Frawley, K.C., of Edmonton, commercial counsel, replied that the provincial government to the provincial government to the Alberta Petroleum Association with respect to freight rates on oil transportation and all other matters of importance to the industry.

## New Opportunities Sought for Youth

SAN FRANCISCO (AP) —

Problems of this nation's youth, "caught... with nothing but time in a world of mechanical wonders," drew the attention of delegates of the National Education Association here today.

Aubrey Williams, chief of the National Youth Association, told delegates, to the association's annual convention that young people today were "in a much tougher situation than were their grandfathers," and termed as "stiff and nonsense" the contention that youthful moral fibre was undermined by government aid.

He advocated more individual treatment of students, and in urging more courses in current history he criticized school boards and administrators "who fear the impact of current happenings on young minds."

Williams cited that improved means of production and lack of free land were among factors causing "millions of people to struggle desperately, pitifully, helplessly, with all gates of opportunity visible to them closed," and said "the fact there are between 4,000,000 and 6,000,000 young people unemployed, out of school, and seeking employment doesn't seem fully realized."

OIL Commission at Calgary Told Dominion Companies Hit

CALGARY (CP)—Dumping of United States refined gasoline into Canada has created such a serious situation that Canadian refiners might be better off to close down their plants, discharge their employees and operate with the low import price American product, declared A. H. Miller of Toronto at the McGillivray royal commission hearing today.

Mr. Miller, sales manager for the British American Oil Company Limited, stated imports of foreign gasoline into Canada rose from 21,000,000 gallons in 1937 to 73,000,000 gallons in 1938, and the probability was importations in 1939 would exceed 100,000,000 gallons, one-seventh of all gasoline consumed in Canada.

"There is a large production of crude oil in Turner Valley and people are interested in the field," Mr. Miller said. "I think the Alberta government should insist on the federal government seeing that dumping duties are imposed, on distress gasoline entering Canada."

J. J. Frawley, K.C., of Edmonton, commercial counsel, replied that the provincial government to the provincial government to the Alberta Petroleum Association with respect to freight rates on oil transportation and all other matters of importance to the industry.

MONTREAL (CP) — Jules Dugal, manager of Montreal Canadiens of the National Hockey League, said yesterday the club is seeking to sign Charlie Conacher of Toronto, big right winger, who played last season with Detroit Red Wings, and Joe Benoit of Trail, B.C. Smokey Eaters, 1938 Allan-Cup champions.

Dugal said the "deals have been pending, but nothing has been done yet."

A selected group of eighth grade pupils were recently taught professional museum methods of collecting, cutting and mounting botanic specimens.

BOSTON (AP) — W. L. Brannan favored Challeon raced to within a fifth of a second of the track record today as he won the \$15,000 added Yankee handicap, mile and three-sixteenths, by a length at Suffolk Downs. Greentree's Hash ran second, two lengths in front of Charlie Trotter's Silent Witness. The time was 1:56 2/5.

## Baseballers Pay Tribute to Gehrig

NEW YORK (AP)—A crowd of 60,000 baseball fans turned out today to celebrate with the champion New York Yankees "Lou Gehrig Appreciation Day," in honor of their first baseman sidelined with a form of infantile paralysis.

Grouped in boxes around the Yankee dugout were members of the 1927 championship team, with which Gehrig also performed early in his record endurance run of 1,130 consecutive games.

Postmaster General James Farley was in a first-base box and Mayor Fiorello LaGuardia was in another.

Between games of the double-header with the Washington Senators, presentations of various gifts, and tokens of appreciation were made to Gehrig by the club, his Yankee teammates and baseball writers.

Gehrig, always reserved and shy, was overcome by emotion. "I'd rather be anywhere than in the ball park," he said, tears filling his eyes.

NOTICE IS HEREBY GIVEN that all creditors and other persons having any claims or demands against the estate of Wong Sang, otherwise known as Wong Sang Jung and Wong Sang, deceased, are required to send to the undersigned, on or before the 4th day of August, 1939, their names, addresses and descriptions, and full particulars in writing of their claims and demands, verified by Statutory Declaration.

AND TAKE FURTHER NOTICE that, after the 4th day of August, 1939, the said Administrator will proceed to distribute the assets of the said estate among the persons entitled thereto, having regard to the claims and demands of which he shall then have had notice, and that he will proceed to make final distribution of the assets at the expiration of one year after date of death.

DATED at Victoria, B.C., this 2nd day of July, A.D., 1939.

R. L. COX, Official Administrator;  
Administrator of the Estate of Wong Sang, otherwise known as Wong Sang Jung and Wong Sang, deceased; 310 Central Building, Victoria, B.C.

**BEETHOVEN ON SCREEN**—A scene from "The Life and Loves of Beethoven," now being shown at the Oak Bay Theatre.

**PEARSON, PEDLAR**  
Are Selected

Two Former Vancouver Stars Named On Canadian Davis Cup Squad

MONTREAL (CP)—An ambition harbored for 10 years has been realized at last by downing Phil Pearson of Toronto, the court jester named to the Canadian Davis Cup tennis team which will play Cuba at Havana this month.

Pearson was nominated to the team Friday night along with Bill Pedlar and Bruce Hall, also of Toronto, and Ellis Tanshish of Montreal. The announcement left the 19-year-old Pearson so happy that words just tumbled in torrents as he explained how he had "always wanted to play on the Davis Cup team."

Pedlar, only 18, and Pearson both hail from Vancouver. They came east recently and settled in Toronto. Buddies for years, they will be the Dominion's doubles combination against the Cubans while Tanshish and Hall will play singles.

"I was so happy at being picked I couldn't sleep a wink all Friday night," Pearson said. "Would you believe it... I just lay in bed and couldn't sleep, so at three o'clock I wrote a letter... then at four I wrote another... and at five I wrote a third..."

"You know I've wanted to play on the Davis Cup team."

IT'S A POSER—S. S. Van Dine's "The Gracie Allen Murder Case," Paramount's comedy-mystery which opened today at the Dominion Theatre, is a tough one for Warren William (playing Philo Vance) to solve, what with Gracie Allen getting in his way with her scatter-brained deductions. Ellen Drew, Kent Taylor and Judith Barrett round out the cast.

on the Davis Cup team ever since I was a kid."

**QUEBEC FINALS**

MONTREAL (CP)—Laird Watt of Montreal, who came out of retirement to defend his Quebec singles and doubles tennis titles, can return to business with the assurance he still is Canada's best tennis player.

As the Quebec provincial tennis championships ended Saturday Watt and Eleanor Young of Vancouver shared the spotlight, winning all the major trophies between them.

Watt scored a 6-4, 7-5, 6-4 victory over Ellis Tanshish of Montreal to retain his singles crown and paired with Gordie MacNeil of Montreal for a 5-7, 6-3, 6-2, 6-3 victory over Toronto's Bill Pedlar and Phil Pearson, formerly of Vancouver, in the doubles final.

Watt and Bobby Murray of Montreal won this title last year.

Miss Young defeated the Dominion's first ranking woman player, Mrs. Rene Bolte of Montreal, 6-3, 6-1 in the singles.

She and Mrs. Frank Fisher of Toronto, formerly of Calgary, breezed through a 6-0, 6-0 match in the women's doubles against Mrs. Bolte and Mrs. A. R. Porter of Montreal, and with Pedlar as partner won the mixed doubles 6-1, 6-2 from Dr. Georges Leclerc of Montreal and Mrs. Fisher.

Adanacs Turn Back Luckless Indians

NEW WESTMINSTER (CP)—Intercity Box Lacrosse League fans today wondered if "13" would be a lucky number for the North Shore Indian team.

Last night the luckless tribe lost their 13th consecutive game to New Westminster Adanacs, 16 to 10, in a league fixture here. They have yet to win a game this season.

The win put last year's western Canadian champions within two points of Vancouver Burrards, leaders of the league with 20 points.

**Dempsey, Mack Recover**

NEW YORK (AP)—Jack Dempsey, recovering rapidly from his appendicitis operation, was well enough yesterday to receive visits from his two daughters, Joan and Barbara, and from Governor Herbert H. Lehman of New York.

PHILADELPHIA, Pa. (AP)—"Marked improvement" was noted today in the condition of Connie Mack, 76-year-old manager of the Philadelphia Athletics' baseball team, seriously ill of a gall bladder ailment.

CHICAGO (AP)—President William Harridge of the American League said yesterday manager Jimmy Dykes of Chicago White Sox had been fined \$50 and suspended for three days for "obscene and vicious language to an umpire."

Harridge's action was the aftermath of Dykes' run-in with Umpire Carl Hubbard at Detroit Sunday when Dykes was ejected from the game.

**SETS MARK FOR DISTANCE SWIM**

CLARENCE GILLES Covers 288 Miles of Yellowstone River

GLENDIVE, Mont. (AP)—Clarence Gilles was "smacked around pretty hard" by the Yellowstone River but he fought his way down 288 miles of it to claim today a new world's distance swimming record.

Four thousand spectators cheered the 45-year-old Glendive cattle auctioneer when he climbed out of the churning river at 5 p.m. (P.S.T.) last night—under his own power.

Griming through parched and bleeding lips, Gilles said he felt "pretty good, except for bruises." He had lost 11 of his 220 pounds since leaving Billings, Mont., 77½ hours before.

"The toughest part of the swim was a surprise to me—a spot about 25 miles west of here, just above the Buffalo Rapids.

"The water pitched downward sharply at that point for about 75 feet. There was a whirlpool at the bottom and I got caught in it and smacked around pretty hard before I could work my way out."

**COMEDY Murder Dominion Film**

Gracie Allen Featured in S. S. Van Dine Story

It took a yarn by S. S. Van Dine to provide Gracie Allen with a field day of fun and thrills, and that's just what she comes through with in S. S. Van Dine's "The Gracie Allen Murder Case," which had its local premiere today at the Dominion Theatre.

With Warren William, Ellen Drew, Kent Taylor and Judith Barrett featured along with Gracie, the film has everything to please the movie-goer—drama, mystery, thrills, comedy, and even a new song sung by Gracie Allen.

The story rolls along easily and speedily from a picnic where Gracie demands the interest of Kent Taylor (even though he's in love with Ellen Drew), to a night club run by Jerome Cowan, where the body of a picturesquely named person—Benny the "Buz-zard"—is found.
